

Senate Committee Orders Probe Of Korean Situation

WASHINGTON, July 6.—(INS)—The Senate armed services committee today ordered an inquiry into the military situation in Korea and also into the progress of armistice friendly negotiations under the military assistance program.

Chairman Tydings (D) Md., agreed to summon General Omar N. Bradley, chairman of the joint chiefs of staff, as Sen. Morse (R, Ore.), demanded an explanation of "why we find ourselves in Korea today" without adequate equipment.

Morse, who touched off the demand for an inquiry, also wanted to know about reports that little military aid "actually has been placed in Europe" under the MAP program.

Tydings did not set a time for Bradley's appearance but indicated it will be soon.

First Casualty Train Arrives On Korean War Front

(BULLETIN)
TAEJON, Korea, July 6.—(INS)—The first American casualty train from the Korean war front arrived at Taejon tonight, bearing one dead and seven wounded U. S. Army men.

The casualties immediately were transferred to a plane and flown to Japan.

The war's first American ground fighting fatality occurred when a soldier peered over a trench at an advanced U. S. infantry post last night and was hit by Communist machine gun fire.

REINFORCED RED COLUMNS PUSH AHEAD

the action to a rendezvous for regrouping and reorganization.

In withdrawing, the stubborn Yank shock troops exacted a steep price from the Red invaders for each step of the enemy's advance which picked up 15 miles Thursday and now has surged some 87 miles south of the 38th parallel.

Destructive Plane Blows
American planes delivered destructive new blows against the enemy with B-29 Superforts again smashing at Communist bases in North Korea.

Railroad bridges were smashed at Pyongyang, the Red capital, and at Kanko and Shinashu. The airfield at Wonsan also was heavily bombed in a move to cut off air support for the invasion forces. Fighter planes flew 81 sorties and struck at railroads and trucks.

North Korean flyers, striving to escape the sharp-shooting American anti-aircraft gunners and fighter planes, were reported by the communists to have resorted to the deceit of using South Korean markings on their planes.

South Korean defenders, MacArthur reported, still hold the city of Chungju, 51 miles northeast of Taejon, and Chechon, 78 miles southeast of the Red capital of Seoul.

In reporting the reorganization of American troops the communists added that the South Korean forces, previously disorganized by enemy tank onslaughts, are "reorganizing and regrouping in their new positions."

BANK CALL ISSUED
WASHINGTON, July 6.—(INS)—The comptroller of the currency issued a call today for reports on the condition of all national banks as of June 30.

Many interesting relics have been assembled to display at the centennial, having been arranged by Mrs. Fred Kennehan, chairman of the relics committee. Crystal communion goblets, used when a single large goblet was used are displayed. These were in use about 1875 in the Dewey avenue church. Other articles of interest include old attendance records, early Bibles, hymnals and other objects. Any interesting pen and ink drawing of Bishop D. D. Roberts, one of the first Methodist Bishops is shown. Many old tin types are also displayed.

A fellowship dinner is planned for this evening at 6:30 o'clock, with former ministers being heard in the program that follows. Friday evening, a pageant, "History of the Church School" is planned. The anniversary closes Sunday with Bishop Lloyd C. Wicke as the main speaker.

Deaths Of The Day

Andrew J. Quinn
Funeral services for the late Andrew J. Quinn of 705 Court street will take place Friday at 9 a.m. from St. Mary's church, with interment to follow in St. Mary's cemetery.

Mr. Quinn, who died in the New Castle hospital Wednesday, was born July 18, 1888 a son of Martin and Mary Hardy Quinn, being one of sixteen children. He was a steelworker by occupation and was honorably discharged from the Army, having served in World War I. He received the purple heart.

Surviving are four sisters, Mrs. J. H. Dunigan, Mrs. Henry Bryson and Mrs. William Walsh, all of this city; Mrs. George Turley, Coraopolis; two brothers, Joseph Quinn of Warren, O., and Michael Quinn of this city.

Raymond B. Houk
Raymond B. Houk, aged 56, of New Castle R. D. 1 died in the Ellwood City General hospital Wednesday at 8 p. m. after having been in ill health for the past two months.

Born in Wayne township May 26, 1894, he was a son of William Houk and Mary M. Lesnett Houk, both now deceased. He lived his entire lifetime in the Ellwood vicinity, and was a member of the Christian Missionary Alliance church of Castletown. He was employed as a crane-man at the National Radiator company, this city.

Survivors include his wife, Rebecca Kennedy Houk; one son, Paul K.; stepchildren, Mrs. Melvin Rhinehart, Phoenix, Ariz.; Mrs. Walter Sonntag, Mrs. Robert Lambert and Mrs. Carl Sherer, all of Ellwood; brothers, William C., Fred D., Joseph E., Charles L. and Walter S., all of Ellwood; sisters, Mrs. Tessie Beltz, Mrs. Margaret Adams and Mrs. Stella Kennedy. Nine grandchildren and one great-grandchild, also survive.

Funeral services will be conducted Saturday afternoon at 2 o'clock from Castletown Christian Missionary Alliance church with Rev. Vernon Orner, pastor, and Rev. L. R. VanHorn, McKeesport, in charge. The body will lie in state until 11:30 Saturday morning, when it will be removed to the church. Interment will take place in Slippery Rock cemetery.

Friends may call at the Contrucci-McElwain funeral home in Ellwood City this evening from 7 to 9 o'clock and Friday from 2 to 4 and 7 to 9 p. m.

Mrs. Beight Funeral Time
Funeral services for Mrs. Nellie Beight, widow of R. Elmer Beight, Kent, O., will be conducted Friday at 2 p. m. from the W. S. Caskey funeral home, West Madison avenue, this city. Burial will take place in Mt. Jackson cemetery.

Friends may call at any time at the funeral home where the family will be present today from 2 to 4 and 7 to 9 p. m.

Mrs. Beight died Wednesday at the home of her daughter, Mrs. Harold R. Dodds, Kent, after suffering a cerebral hemorrhage. Her husband preceded her in death in 1934. Mrs. Beight, who was born March 13, 1869, in Clarksville, Pa., resided in North Beaver township for a number of years.

Survivors besides her daughter are: a son, Lytle Geneva, O., three brothers, a sister, three grandchildren and two great-grandchildren.

Kusnierczyk Funeral
Funeral services for Stanley Kusnierczyk of 33 Charles street, were held this morning at 9 o'clock in the Noga funeral home, followed by requiem mass at 9:30 o'clock in the SS. Philip and James church. Rev. V. V. Stancielewski was the celebrant.

Interment was in the parish cemetery with Frank Golba, Albert Kolodziej, John Kolodziej, Joseph Dudash, Tony Skufca and Stephen Urbarnik serving as pallbearers.

Signs Statement Admitting Slaying

MARIETTA, Pa., July 6.—(INS)—Richard Tate, 30, of Marietta signed a statement today admitting firing a fatal shot gun blast at bartender Harry A. Floyd, 28, of Marietta R. D. 1, last night because Floyd threw him out of a tavern several hours before.

Tate, in a signed statement, said he went to McComsey's tavern, near Marietta, and fired at Floyd who was tending bar. The blast carried away part of Floyd's head. After the shooting, Tate turned the shot gun and five shells over to Samuel Nissley of Marietta, a patron, and said, "I did it. Turn me in to the state police."

REPORT TEN KOREAN TANKS KNOCKED OUT BY YANKS
(Continued from Page One)
the Americans to complicate their task of making a stand capable of halting the invasion machine.

Knock Out 10 Tanks
Unofficial but reliable reports said the Americans knocked out ten of the North Koreans' Russian-made tanks in one sector during the day's fighting.

U. S. Army Master Lester A. Lofien of Mount Airy, N. C., gave this correspondent a graphic account of the action. Lofien said he watched the Red forces from the south bank of a broad river where the Americans blew up a bridge.

"Ten tanks came down the road to where we had blown up the bridge," the sergeant related.

"They stood about a thousand yards in front of us.

"We opened up with mortars on them and set fire to their lead tank. Then we got two more and one enemy truck.

"Behind the tanks came a whole mob of Koreans—the most I'd ever seen in one place.

"They didn't look like an army to me.

"They were laughing and smoking and their clothes were everyting from North Korean army uniforms to some of our own GI stuff which they had probably picked up in Seoul."

DOROTHY YASHER WED TO KENNETH BAUDER

At a lovely summer wedding performed Saturday, July 1, in the St. James Rectory, New Bedford, Miss Dorothy Ann Yasher, daughter of Mr. and Mrs. John Yasher, was united in marriage to Kenneth C. Bauder, son of Mr. and Mrs. H. LaVern Bauder, 2 Second street, Ellwood City.

Rev. Cornelius Kane solemnized the double ring ceremony at 2 p.m. Given in marriage by her brother, Edward Yasher, the bride was charmingly dressed in a gown of white satin, designed with a bertha neckline, sheer yoke outlined with Chantilly lace and fitted bodice. The full train skirt ended in a sweeping train. The bride wore a pearl tiara from which cascaded an illusion fingertip veil bordered with Chantilly lace and satin. For her jewelry she wore the groom's gift of pearls. She carried an arm bouquet of calla lilies centered with an orchid.

Miss Frances Wojnar was the maid of honor, gowned in aqua satin with pink accessories and a bouquet of pink roses. The bride's brother, Joseph Yasher, was best man for the groom.

After the ceremony, open house was held at the bride's home, with 100 guests in attendance.

After a wedding trip to New York City by motor, Mr. and Mrs. Bauder will take up residence at 305 North Ray street, New Castle.

Mrs. Bauder attended Union high school and is employed by the Shenango Pottery company.

Mr. Bauder attended the Ellwood City high school and is employed by the Garrett Manufacturing company.

ST. PAUL'S LADIES PLAN TUREN DINNER

Members of the Ladies Aide society of St. Paul's Lutheran church made plans for a tureen dinner when they met in the social rooms of the church Wednesday.

Business was conducted by the president, Mrs. John Welther, who also led the group in prayer. The tureen dinner is scheduled to be held at Cascade Park at noon on August 2. Dessert will be served by the committee.

The treasurer's report was given by Mrs. Andrew Dietterle in the absence of the regular treasurer. A report of the recent social at the church showed it had been a success.

Dainty refreshments were served by a committee composed of Mrs. John Welther, Mrs. Anna Singer, Mrs. Adam Tencer, Mrs. O. J. War-nath and Mrs. John Unger. A charming arrangement of summer flowers centered the attractively appointed table.

RUBEIS-RICH WEDDING NEWS

In a ceremony of impressive charm, Miss Yolanda Rubels, daughter of Mr. and Mrs. Generoso Rubels, 1115 Dewey avenue, became the bride of Henry Rich, R. D. 3, New Castle, Saturday, July 1, at 8 a. m. in St. Vitus church.

Rev. Fr. Nicholas DeMita officiated at the solemn double ring service. A host of relatives and friends witnessed the rite.

Preceded by her attendants and given in marriage by her father, the young bride was winsome in her wedding costume of lustrous sheik satin. A gossamer sheer yoke enhanced the dainty off-shoulder neckline. Double rows of satin bordered the yoke and came to a deep V in front. The bodice was fitted and long sleeves pointed over the wrists. A bustle gave back interest to the skirt. Deep folds of the gathered skirt gradually tapered into the full court train. Her important French illusion veil was attached to a scalloped-edged crown of seed pearls and rhinestones. She carried a white mother-of-pearl gold-leafed prayer book, ornamented with a white orchid and stephanotis. A good luck piece was carried in the bride's imported lace handkerchief, and she also wore something old, something new, something borrowed and something blue. Her only ornament was a rhinestone necklace, gift of the groom.

The twin sister of the bride, Miss Olga Rubels, served as maid of honor. Mr. John Chairo Jr. followed her sister as matron of honor. The bridesmaids included the Misses Sally Gagliardo, Edith Shepp and Erma Shepp. The maid of honor was attired in a becoming gown of Nile green taffeta with marquisette yoke and skirt. The full skirt was enriched with a taffeta band and she carried a colonial bouquet of Johanna Hill roses and white carnations. Long mits were an additional accent.

Identical gown of white were worn by the matron of honor and the bridesmaids, and they carried colonial bouquets of American Beauty roses and white carnations. Uldrico DeMatteis served the groom as best man. Ushers were John Chairo Jr., John D'Antonio, Al Dominick and William Fazzone.

Mrs. Frances Colao, organist, played nuptial selections throughout the ceremony. A congratulatory period followed after which a wedding breakfast was served to a large number of guests at the home of the bride.

The wedding dinner was served at 1 o'clock at a local inn, to approximately 75 guests. White, pink and green decorations and an orchestra added to the festivities of the evening reception at the Arena. Approximately 600 guests watched the newlyweds cut their five-tier cake. Later in the evening, they departed for a trip to Detroit, Chicago and other points of interest. When Mr. and Mrs. Rich return from their wedding trip, they will reside at R. D. 3, until their new home is completed.

Mrs. John G. Rubels was in charge of serving at the reception. Aides were Mrs. Louis Bernabe Sr. who poured, Mrs. Frank Herrington, Mrs. John Morgan, Mrs. James Amode, Mrs. Albert Rich, and Mrs. Andy Pasquariello.

Mrs. Rich is a graduate of New Castle High school and is in the employ of Harvey B. Bush. Mr. Rich, a graduate of Eastbrook High school and a veteran of three years in the Army, is employed at the Shenango Pottery.

The couple has been honored with several pre-nuptial parties, with Mr. and Mrs. Generoso Rubels entertaining the bridal party and guests at a rehearsal luncheon Friday evening, and their many gifts received are on display at the residence of her parents.

Mr. and Mrs. Rich will be "at home" to their friends July 17. During the day, the bride received a telegram of congratulatory from her uncle, Antonio Rubels, of Caracas, Venezuela, and cousins, Mr. and Mrs. Tomasso DiDonato, of Aquila, Italy.

Busy Dozen Club

Mrs. Esther DeSalvo, entertained the Busy Dozen club at the home of Mrs. Margaret Sylvester, of the East Brook road.

Final arrangements were made for a steak fry to be held with husbands as guests on Saturday, July 8, at the home of Mr. and Mrs. Domenick Sylvester, East Brook road.

A dainty lunch was served by the hostess, with the aid of Dorothy DeSalvo. Special guests were Mrs. Emma DeSalvo and Dorothy DeSalvo.

July 19, is the meeting with Mrs. Catherine Spanish, 1511 Pennsylvania avenue.

Gwin Reunion

Annual Gwin reunion was held on Tuesday at the King's Chapel church, being moved indoors due to the inclement weather. Approximately 100 were in attendance. The day was spent in sports and other games with a program arranged for the children.

The following officers were elected: President Lysie Gwin, vice president, Harold Gwin, secretary-treasurer, Charles N. Gwin, aged 82, and the youngest, Barry Eugene Gwin, aged six months. A reunion is planned again next year.

Daugherty Reunion

Families of Mrs. J. R. Daugherty and the late J. R. Daugherty of the Mt. Jackson road held their reunion at the home of Mr. and Mrs. Ralph Andrews in Jackson Knolls on the Fourth.

Special guest was Miss Mary Cooper of Akron. A delicious dinner was served at 6 o'clock on the lawn of the Andrews home. The evening was spent with various games for the children and horse-shoe pitching for the men. Television was a later diversion of the occasion.

N.U.F. Club To Meet

Members of the N.U.F. club will meet at the home of Mrs. Rose Mary Suber, 414 Bell avenue, on Thursday evening, July 13.

The meeting will be in the form of a hat style show, with each member creating her own original hat. Prizes will be given for the best milliner.

GEORGIA LUSK WEDS JOHN R. MARSHALL

The home of Mr. and Mrs. George A. Lusk, Grandview avenue, Zelenople, was the scene of a pretty wedding Friday evening, June 30, at 8:30 when their daughter, Georgia Mae, became the bride of John R. Marshall. He is a son of Mr. and Mrs. Charles L. Marshall of Pittsburgh street, Zelenople.

Vows were repeated before the fireplace of the living room, with lighted candles, ferns and bouquets of white roses presenting a lovely setting for the ceremony. The single ring ceremony was used, with Rev. Loren W. Veith, pastor of the Grace Reformed church of Harmony, officiating. Large bouquets of roses decorated the entire house.

The attractive bride, given in marriage by her father, wore a floor length gown of white organdy over white taffeta. It was featured with a fitted bodice, round neckline and full skirt, styled with two rows of beading enhanced by aqua ribbon. The intricate bead design and ribbon complemented the waistline of the creation. She wore a single strand of pearls as her only jewelry, and carried a bouquet of white roses and Queen Anne's lace. A braided hair caught up her short veil.

Her sister, Amy L. Cooper, was her only attendant, wearing an aqua gown, fashioned with Peter Pan collar and dainty puffed sleeves. The skirt, collar and sleeves were trimmed with matching lace. She carried a bouquet of yellow daisies and Queen Anne's lace.

Frank I. Marshall of Beaver Falls was his brother's best man. Following the ceremony, a reception was held at the home of the bride's parents, Mrs. F. G. Rupp, Jr., of Mt. Lebanon and Miss Ann L. Lusk of Washington, D. C., sisters of the bride, presided at the table.

Families of the bride and groom and a few close friends attended the wedding and reception. The couple later left for a short trip in the east, and upon their return will be "at home" at 203 Grandview avenue.

Both Mr. and Mrs. Marshall were graduated from the Zelenople high school. Mrs. Marshall has for some time been employed in the purchasing department of the American Bridge company office in Pittsburgh. She served in the WAVES during the war.

Mr. Marshall, a graduate of the University of Pittsburgh, served as a captain in the army during the war. He is now employed at the National Radiator company in New Castle.

JOSEPH CZUBAS HAVE 35th ANNIVERSARY

Mr. and Mrs. Joseph Czuba of Edinburg celebrated their 35th wedding anniversary on July 4. The couple attended 8 o'clock mass at the Madonna church.

A delicious dinner was served to 30 guests at 1 o'clock with the daughters presenting Mrs. Czuba with a pink rosebud corsage.

"Open house" was held in the evening, with dainty refreshments later served. Hostesses for the occasion were Mrs. Walter Janis, Mrs. Michael Grata and Mrs. George Sottar.

Special guests were Mr. and Mrs. Joseph Zajac and family of Alliquippa and Mr. and Mrs. Earnest Zebroski of Ambridge. Several lovely gifts and cards were presented to the couple.

Picnic Enjoyed

Mr. and Mrs. George Debelak and son, R. D. 9, Mrs. J. Karski and daughter, Moravia, and Mrs. S. Prejsnar and son, R. D. 9, enjoyed a picnic at Craig Beach on July 4. The group later visited Idora Park, Youngstown, on their journey home.

HARBOR CLUB HEARS CURRENT TOPICS

Subjects of current interest were discussed when members of the Harbor Garden club gathered at the home of Mrs. Marvin Dinsmore, Highland avenue extension, on Wednesday evening. Mrs. Dinsmore's mother, Mrs. A. T. Eckles Sr., was associate hostess for the occasion.

Special guests of the evening were Reuben Kennedy of the Walmo Garden club, and Mrs. A. T. Eckles Jr.

Of vital interest to everyone was the topic of "Conservation" presented by Mrs. Clyde Bryden. Twelve points of the subject were stressed, including the conservation of forests and soil. She discussed the methods now followed to retain the valuable top soil in gardens and farm lands.

Mrs. Ed Chapman talked on "Larch Trees," bringing with her a sample from one of the larch trees in her garden. She impressed the group with the fact that the tree does not belong to the evergreen family since it does not drop its needles. They are very rare and found only in certain localities.

Mrs. J. E. Davis invited the club members to attend the picnic to be held by the Lawrence County Garden Council on July 11 at the home of Mrs. Richard Marquis, Wilmington road.

Plans were also completed for a picnic to be enjoyed by the club members on August 1. The group will assemble at the home of Mrs. Ed Chapman of the Youngstown road. The game committee consists of Mrs. R. L. Hoagland and Mrs. J. E. Davis.

Roll call was answered with each member describing a wildflower. Several wildflowers were displayed.

A delicious lunch was later served by the hostess, aided by her sister, Mrs. F. A. Pinkerton. Lovely summer flowers centered the table.

Hogue Reunion

The twenty-first annual reunion of the Milton F. and late Mary Jane Hogue families was held July 4 at the home of Mr. and Mrs. Norman Hogue, Ellwood-New Castle road.

Fifty people were in attendance and a picnic dinner was enjoyed at noon. Supper was served in the evening. The afternoon diversions were horseshoe pitching and other sports.

New officers were elected as follows: president, Norman Hogue; secretary, Ann McHattie; treasurer, Al Kennedy.

The reunion next year will be held at the same place on the same date.

Victory Class To Dine

Members of the Victory Bible class of St. John's Evangelical Lutheran church will hold a tureen dinner at Cascade Park Friday evening at 6 o'clock in Shelter 7.

Family Dinner

Mr. and Mrs. Tommie Prentice entertained at a family dinner on July 4 at their new home on the Ellwood road.

Dinner was served at 1 o'clock with covers being laid for 15 guests. The remainder of the afternoon was spent in games and social chat.

WHAT WILL STALIN DO?

The American people are deeply concerned over the Korean situation, and the possibility that the war may spread, but it may be taken for granted that the Soviet government is also not too happy over the turn of events.

It is frequently said the fate of the world is in Stalin's hands. To a certain extent that is true. But the Russian dictator, despite his arrogance, no doubt realizes that the fate of his own people is included in that situation, and to a greater extent than the fate of the population of any other nation.

The Russian people were severely punished in the last war, and the country had little to start with when peace came. Russia continues to be a police state, whose people are actually slaves of the government. To plunge them into another great war might find them going to battle unwillingly and with little enthusiasm for victory because victory would not improve their way of life, which offers little at best.

What will be Stalin's next move? He can, if he chooses, simply wait the turn of events. If the Communists succeed in taking over Korea, Stalin can hail the establishment of another "people's republic" and prepare to cash in on his enhanced influence in the Far East. If the Communists lose, Stalin can say he had nothing to do with the invasion, and continue the cold war.

If all out war comes and Stalin throws full Russian might against the Americans in Korea, initial advantage will be with Russia, which is admitted to be better prepared in that area. But in the end it will mean the downfall of Stalin and his hopes for world domination.

'POTATO BUGS IN BERLIN'

It's been funamental with Soviet Russia that anything, no matter how absurd, can be used for propaganda purposes. This is again astonishingly demonstrated in the formal Soviet note to the United States government solemnly asserting that American fliers have been "bombing" East German and other Iron Curtain potato fields with the destructive potato bug.

It doesn't bother Moscow a bit that this is arrant nonsense and its propaganda-makers know it. They operate on the old Hitler idea—a lie repeated often enough is bound to convince the credulous. The obvious truth is that a bad growing season has produced potato crop failures of some dimensions and the Reds figure they can't do themselves any harm by blaming it on the Americans.

However, there is a more serious tone to the affair as it is now being projected in the Communist intimations that the potato bug bombing was done by American planes which violated corridor and other air restrictions.

The chances are only too good that the Kremlin is preparing, as some other indications have suggested, for another campaign of pressure against the Allies in Berlin, possibly by interfering with air operations. The State department might be justified in ignoring the potato bug protest for the stupid foolishness it is.

But it should lose no time in informing Russia that Allied air rights relative to Berlin and Germany in general are not to be interfered with.

OMINOUS CLOUDS

News reports say the Department of Agriculture fears another dust bowl is developing in the great plains states and is considering what to do about it. It is no "iffy" situation. The bald fact is that unless considerably more rain falls in the huge area encompassing hundreds of thousands of acres in Texas, Oklahoma, Kansas and Colorado, this whole area may be in worse shape than it was in the 1930s when the land literally blew away.

Deciding where to point the finger of blame would be a hard thing to do. It would also be rather a waste of time at this juncture. The point now is to get the land tied down in the most expeditious way possible.

Land conservationists see only one hope of saving these states from the ruinous aftermath of another "dust bowl." Much hinges on what action farmers take to anchor the soil from now until winter. It is too late to make such elaborate preparations as contour plowing and planting windbreaks.

The government's primary job is to persuade farmers to forego guaranteed prices on the wheat they raise in favor of soddling the land against what may happen. After lush years and high support prices it will be difficult to tell a farmer who has been a big wheat raiser that Christmas is over, and that his only salvation lies in converting his wheat acres into non-income-producing range. Psychologically and otherwise, the government has two strikes against it.

Meanwhile, there are reports of ominous clouds that darken the horizon in the Texas Panhandle. These dark brown, air borne masses represent millions of tons of the best soil in the country. Should the whole vast area turn to powder and leap skyward as the wind hits it, years of patient soil conservation—and lean incomes—will be the rule rather than the exception.

Gromyko 'Has Wrong Address'

The curt but telling remark—"He has the wrong address"—summed up United Nations reaction today to the broadcast by Andrei Gromyko accusing the United States of aggression in Korea and demanding reversal of a resolution calling for international action.

It was made by a recent chairman of the U.N. Security Council a few hours after Soviet Russia's deputy foreign minister unlimbered his attack.

Will Be Ignored

There is every indication at Lake Success and elsewhere in the democratic world today that the Gromyko statement, representing as it does the considered policy of the Soviet Union in the present world crisis, will go ignored.

As of the moment, there are 41 members of the United Nations on record against the unprovoked aggression carried out by Communists from North Korea against the south.

This is an overwhelming majority of the 59 nations represented on the General Assembly. There are expectations that before the week is over all of the countries outside the "walkout bloc" of Soviet Russia and her satellites will have lined up.

The measure of military cooperation than can be given by some of them is negligible; in other cases it is better described as nil.

Pressure Of World Opinion

But the pressure of world opinion has put Russia on the defensive in this affair.

Each dispatch from the Korean battlefield and every new move by the United States to strengthen the precarious military naval and aerial situation on the Asian peninsula afford conclusive proof of two things.

1—The North Koreans, armed and trained by Russia, were overwhelming in strength and striking ability at the outset of the invasion.

2—The South Koreans were ill-prepared to withstand the onslaught—in itself a repudiation of Gromyko's charges.

The Soviet diplomat's stinging broadcast aroused immediate speculation about the possibility of United Nations withdrawal from the entire United Nations organization.

Role Is Passive One

Moscow's role is a passive one at present in any case. It is quite obvious that Premier Stalin will not order his delegates to go back to work unless or until Nationalist China is ejected and the representatives of Communist China replaced in its stead.

But the face remains that without the United Nations, Russia will deprive herself of an important instrument of propaganda and of a sounding board of world reaction while she is engaged upon an adventure of incalculable consequences.

General opinion at Lake Success is that Russia will not aggravate the situation at the present time by resigning from the great and powerful organization that she helped so materially to create.

Number Of Reasons

This is based upon a number of reasons.

To begin with, the Korean war is still far from being a settled proposition.

The reinforcement of men and material being undertaken by the United States easily could change the military position in a matter of days.

Morale of South Korean forces badly undermined by the initial invasion and the inherent fear of the Asiatic native aroused by mechanical monsters such as tanks that the Communists have been using, seems certain to improve.

The United Nations Commission on the spot is not without its powers and past history has shown that no matter how hopeless a war situation may seem, observation of cease fire orders is not entirely impossible.

When the Security Council meets again with Korea the top item on its agenda, the position may have clarified itself to some degree.

It seems unlikely that South Korean reverses will go much farther. The sinister word "fluid" to describe the military outlook is disappearing from communiques.

And of equal importance is the fact that Gromyko has failed to make a case before the United Nations as he hoped and intended to do.

Churchill's Ideas On Situation In Korea

LONDON, July 6.—(INS)—Conservative Leader Winston Churchill pledged his party's backing to British intervention in Korea Wednesday and said a Communist victory would mean an atomic war "before long."

A showing of strength in Korea, he said, is the only way to convince the Russians that the west means business.

But once the Communists have been defeated there, he said the west should make a new effort to end the cold war.

Churchill said: "The forces which are required for the defense of South Korea, or even for its recapture should that become necessary, will not make any decisive difference to the situation in Europe."

"The immunity of Europe from attack depends overwhelmingly on the vastly superior stockpile of atomic bombs possessed by the United States."

"That is the deterrent, and the sole, decisive deterrent which exists or can be brought into being in the near future."

To Seek Settlement

Churchill, referring to a statement by Gen. Omar N. Bradley on Russia's possession of atomic power, said:

"I think it is very much better that we should make a resolute effort to come to a settlement with the Russians by peaceful means, but on the basis of strength, not weakness."

Churchill spoke after Prime Minister Attlee asked for a vote of confidence on his government's decision to support UN intervention in Korea. Attlee warned that his request "involves the very great issues of peace and war."

Churchill replied: "One thing is essential now, namely, that the step which the Communists have taken in Korea should not end in their triumph."

"If that were to happen, a Third World War, in conditions more deadly than now exist, would be forced upon us before long."

Churchill said a settlement on atomic controls must be reached before Russia "becomes possessed with this devastating power in addition to all military, air and armored superiority which they undoubtedly possess at the present time in Europe and the east."

Should End Drift Policy

The wartime prime minister continued:

"I think we ought to bring the policy on drift to an end and believe no better prelude to the opening of major discussions with the Soviet government could be found than the successful repulse of Communist forces invading Korea."

Churchill added: "There could not be a more certain way of bringing about destruction of civilization than that we should drift helplessly until the Soviets are fully equipped with the atomic bomb."

Churchill's pledge of support to the government in its support of UN intervention of Korea was one of the few times in which Conservatives and Laborites have seen eye to eye.

Attlee drew a resounding cheer from the MPs when he said America's prompt intervention in Korea probably prevented the North Korean Communists from seizing control of all of the divided country.

As the debate began, police took extra precautions against possible Communist demonstrations against the government's position.

They Say

VALLEY FORGE, Pa.—Gen. Eisenhower—"The South Koreans' only crime has been the desire to live their own lives as they choose, at peace with the rest of the world."

LONDON—Winston Churchill—"Just when we finished with Hitler and Mussolini we have Stalin and communism lumping up against us."

FALL RIVER, Mass.—Rep. Martin (R) Mass.—"The federal government should seek out every Red and drive them out of every position of importance."

WASHINGTON—John Foster Dulles—"Our own liberty cannot be safe in a world where despots can strike down liberty, piecemeal, with fire and sword."

Washington Calling

(By Marquis Childs)

Moral Pointed Up By South Korea

WASHINGTON, July 6.—The moral pointed up by South Korea and what is happening there today is one we dare not ignore. To ignore it is to make almost certain there will be other South Koreans in Asia that can be defended in the showdown only by American planes, ships and troops.

The United States failed to make South Korea ready either militarily, economically or morally to resist the Communist invasion. Two basic reasons for this failure come to mind at once.

First is the lack of capable American personnel who could move into South Korea following the American military occupation. There just simply weren't enough Americans with a knowledge of the language, the political background and the nature of the problem.

Want To Help Them

Second, and in a way more serious, is the basic American attitude toward Asian peoples emerging from colonialism and feudalism.

We want to help them achieve their aspirations for nationhood, which is all well and good. But the trouble is that we assume they can achieve independence and self-government overnight.

We have been assuming that they could arrive in a year or two at the kind of parliamentary democracy that has evolved in the west over a period of 150 years or more. And we deceived ourselves that this could be done in the chaos and confusion left behind in the Pacific at the end of World War II.

It was like throwing a baby into a heavy sea and expecting him to strike out with a strong crawl stroke for a safe shore.

Needs An Instructor

The new governments of southeast Asia need water wings and an instructor to tell them firmly and clearly how to use them. In other words, not merely the assistance but tactical yet authoritative direction in how to use that assistance is essential.

All this points directly to what is perhaps the most difficult assignment the United States has undertaken in southeast Asia. That is to try to hold the line against the Communist-led rebels in Indo-China. President Truman in his dramatic announcement of last week included speeded up military aid to Indo-China as one of the steps in the all-out policy against communism in Asia.

Peril Of Feeble Regime

Indo-China illustrates to an even greater degree than South Korea the peril of a feeble and uncertain regime faced with determined hostility. The French, who held Indo-China as a colonial possession before World War II, are backing the government of Bao Dai.

Emperor Bao Dai is said to have considerable shrewdness and capacity. But the French have gone only part way with him, withholding resources of authority. With an army of 150,000 of their best troops, the French have had all they could do to keep Bao Dai in power against constant attack and sabotage from the underground.

But speech and memory fled from me and confidence took wing. I trembled like an aspen tree, and fumbled with the ring.

But five times over had I said "The words: 'Till death do part' I'd have the service in my head And also in my heart."

Folks Of Fame

Themistocles Sophoulis was born at Vathy, Samos, in 1860 or 1862 (accounts differ) and educated in Athens and Germany, specializing in archaeology. He began his political career in 1900 in the island of Samos. He was elected a member of Parliament of Samos many times and also was governor. He conducted two revolutions against Turkish occupation in Samos, and was forced to flee and sentenced to death by Turkish courts. In 1912, after the union of Samos with Greece, he continued his political career in Greece. He was elected member of Parliament seven times. He was governor general of Macedonia, prime minister in 1924, War minister in 1928. He was prime minister again in 1945, and again in 1947, resigning early in 1949. He died June 24, of that year.

G. O. P. Summer School

(By HOLMES ALEXANDER)

WASHINGTON, D. C., July 6.—Second floor, turn right, and you come to where the grassroots grow at the Connecticut Avenue headquarters of the Republican National Committee here. Elsewhere in the dusty little building, there are research men, slogan-makers, issue-weighters and stately visitors who come to see the stately chairman, Guy George Gabrielson. But A. B. Hermann, the committee's executive director, used to be a Boston Braves infielder, and he plays everything close to the grass.

Moves Around Country

Hermann moves around the country to keep an eye on the GOP school of politics which opened its summer sessions in Missouri during June. It'll continue till mid-October, with July dates in Maryland, Oklahoma, Iowa, New York and West Virginia. Missouri was the first stop of the traveling classroom because, says Hermann, "it's the home state of the champ, and we wanted to show we weren't fooling." Classes were held in ten Missouri towns, and about 2,000 persons attended. They were taught what it takes to get voters on the registration books and later into the polling booths. The school of politics is part of the three-prong drive which Hermann is directing in 23 states where the pickings look good for the GOP. The three prongs are:

Three Prongs

1. Activation at the precinct level by school-taught methods.
2. The Republican Action Committee (RAC) which is an underground movement to take Labor votes from the PAC.
3. Cultivation of racial minorities whose votes have been going to the Democrats by default.

Ask Hermann how the drive is going, and he waves a long arm toward two wall maps in his office—one for the Senate, one for the House.

The Senate map shows 13 blue-colored states where the Republicans have Senators up for re-election. Only two of these seats, according to the grassroots intelligence system, are in known danger of falling to the enemy. But Capehart of Indiana and Millikin of Colorado, the doubtful winners, are no further off the pace than Hickenlooper of Iowa and Wiley of Wisconsin were judged to be a few weeks ago. It'll surprise Hermann, who has managed five GOP winners in New Jersey, if the Republicans lose any of the blue-colored states.

Concentrate On 11 Seats

Republicans are concentrating on 11 Senate seats, two in Connecticut, now held by Democrats. There are ten red-colored states on the map where Hermann's grassroots drive is pitched to attack in enemy-held territory. It appears from hinterland reports that three Democratic Senators—Myers of Pennsylvania, Benton of Connecticut and Lucas of Illinois—are considered goners by the GOP. In New York, a last-minute conversion of Thomas Dewey into a Senate candidate would add this seat to the probable GOP gains. In California, the contested seat is tentatively marked with the initials of Richard M. Nixon, now a Republican Congressman. Hermann isn't talking about the other Senate fights. It's too early to tell.

The second map, depicting the House of Representative battle, shows 60 blue-colored (GOP) Districts and 81 red-colored (Democratic) Districts. All of these Districts were won in 1948 by only 5% of the necessary margin. All of them, therefore, are thought to be critical areas which can be won or lost between now and November.

Thanks GOP Will Win

In 23 of the Democratic-held areas, Hermann thinks the GOP candidates will win. Much depends, he says, on the size of majorities brought to the polls by high-favored Senate candidates. Taft, Donnell and Duff are the big vote-getters. The bigger they win, the more House seats will fall to the Republicans in Ohio, Missouri and Pennsylvania, says Hermann.

All this, to be sure, is wishful talking, but it figures to be knowledgeable talking, too. There are Republicans in town who claim a landslide GOP victory this year. Not Hermann. At this writing he looks to see five Senate seats and 23 House seats change over, not enough to swing Congressional control. It's a fairly modest claim he makes, and quite convincing.

Looking At Life

By ERICH BRANDEIS

Every now and then something comes along that make one quite ashamed of one's complaints and grumblings.

You know just how it is. You get awfully dissatisfied with the way Fate is treating you. The Joneses just bought a new automobile. You can't.

The Kelleys are going on a vacation to Canada. You have to stay home.

The Ginsbergs have a new set of parlor furniture. All you can afford is slip covers.

I myself just got through complaining because it costs too much to have our house repainted this year.

Then the mailman brings me this letter from Allentown, Pa. It's from a nurse who asks me not to mention her name, so I shan't do it.

But I take my hat off to her. She has taught me a lesson, and perhaps this excerpt from her letter may help you a bit, too.

"I feel, and so does my husband," she writes, "that people don't look around enough to see beauty."

(By the way, she apologizes for her grammar and punctuation not being a writer. I think she is doing darn well. Grammatically defective writing that comes from the heart is much nicer than perfect writing that comes only from the typewriter or the pen.)

"We live in a third floor apartment which is in line with our city parks," she continues.

"You should see the birds—cardinals, blue jays (pretty but thieves), sparrows, crows as black as ebony, and the trees—magnolias, firs, pine, spruce, and many others."

"Well, we are just lost in our mountains, as we call it when we sit and watch all those things. Even the city traffic does not distract our thoughts, nor tells us to wake up and quit kidding ourselves."

"My husband travels, and I miss him dreadfully until the week-end comes and brings him home."

"I am a graduate nurse and have been active in my field for 25 years."

"During the week I try to help the less fortunate, the people too poor to afford medical or professional services, like giving baths to crippled folks or hypnos to a poor incurable cancer case."

"The smile in these peoples eyes and their thank-you puts more into my bank in Heaven than any money possibly could. Sure it's hard work and I get no pay for it—but there are some things in life you can't get paid for."

"My husband had been ill for many years with a lung ailment. The doctors were most despondent. I got him interested in Masonic work and with it he has added many laurels to his credit."

"I am glad that God saw fit to give him the strength to do such fine things."

"No money we haven't any, but we have faith and friends and most of all our belief in God."

There may be crime and greed and hatred in this world—too much of it, to be sure.

But there are millions of people just like this nurse from Allentown and her husband—people with "faith and friends and belief in God."

Let's you and me be among them.

How to Torture Your Wife . . . : BY H. T. WEBSTER

BRUCE, CAN YOU KEEP A SECRET? MABEL TOLD ME THIS IN THE STRICTEST CONFIDENCE! PROMISE ME, YOU WON'T TELL A SINGLE LIVING SOUL! IF IT EVER GETS AROUND, IT WILL CAUSE ENDLESS TROUBLE. WELL, IT SEEMS THAT—

Name Leaders For Scout Camp

Experienced Men Head
Provisional Troops

Provisional scoutmasters for the Boy Scout camp this year will be Bob Leasure, scoutmaster of Troop 22, New Castle; Harold Aggas, assistant scoutmaster of Troop 21, Ellwood City; and James Redman, assistant scoutmaster of Troop 37, New Castle.

All scouts attending camp without their own leader will be assigned to a provisional troop. Camping will be done by troops and patrol, each patrol electing its leaders after they arrive in camp.

Bob Leasure has been scoutmaster of Troop 22, sponsored by the Central Christian church of New Castle for the past three years. The last two camping seasons he has taken his troop on the Allegheny river for their camping experience.

Mr. Leasure has completed several Scout Training courses. He has served as an instructor in the district training committee for the last two courses. He was one of the first scoutmasters in Lawrence county to receive the Arrowhead Honor, presented to scoutmasters who have outstanding records with their troops.

Veteran Scouter
Harold Aggas of Ellwood City has been in scouting for fifteen years. He is assistant scoutmaster of Troop 21, sponsored by the Moose Club. He has served as neighborhood commissioner and on the district committee as assistant district commissioner in 1946 and 1947.

Mr. Aggas has completed the Scoutmasters Basic Training Course.

The other provisional scoutmaster, James Redman, was awarded the Eagle Award this past spring. Also, he completed the Scoutmasters Basic Training Course.

At the present time he is serving as assistant scoutmaster of Troop 37, sponsored by the New Castle Kiwanis club.

Jim served as a counselor for three years at the scout camp in 1944, 1945 and 1946. He has been in scouting eight years.

Levicy-King Wedding Event

Second Baptist church, this city, was the scene of a lovely wedding on Friday evening, June 30, when Miss Dorothy Elizabeth Levicy, only daughter of Mr. and Mrs. William N. Levicy, 12 Sankey street, became the bride of James E. King, Jr., son of Mrs. Lucy Glover, Youngstown, O.

Vows were exchanged at 6:15 o'clock in the presence of a large assemblage of friends and relatives of the young couple. Rev. J. L. McFarland, pastor of the church, officiated, using the impressive single ring service.

A prelude of nuptial numbers was offered by Mrs. George Taylor, pianist, preceding and during the ceremony, and she accompanied soloist Mrs. U. S. Munnerlyn, Akron, O., who sang "The Lord's Prayer".

Entering on the arm of her father who gave her in marriage, the bride was attractive in a gown of white satin, fashioned with a high round neckline with lace inserts of marquisette and long sleeves with points over the wrists. The flowing skirt was floor length, tapering into a formal train. Her full length veil, made en train, was of marquisette with lace inserts which, too, formed a wide scalloped band and fell from a crown of seed pearls. F. her onl. jewelry, she wore a necklace and matching earrings, while her arm bouquet was composed of white roses and stephanotis, tied with white streamers.

As matron of honor, Mrs. Robert Montgomery of this city appeared in an ice blue taffeta gown with fitted bodice and toe length skirt. Her marquisette picture hat matched, and she carried an arm bou-

RED CROSS SWIMMING TEST

quet of yellow roses. Bridesmaids included the Misses Ernestine Anderson of Bridgeport, O., Harassah Gregory of Youngstown, O., Clarissa Ward and Alice Ferris, both of New Castle.

As best man, the bridegroom had his cousin, William Gathright of Youngstown, O. Ushering were Charles Blakely, James Boswell, Arthur Thomas and Edward Weston, all of Youngstown, O.

Completing the wedding party were two tiny tots, little Linda Jean Rose of New Castle, who served as flower girl, and Master James E. King, III, who was ring bearer.

The bridal party received congratulations at the altar and later retired to the church dining room where a reception was held. A buffet lunch was served to 200 guests. Aides at the reception were

Mrs. George Taylor, Mrs. Ben Richerson, Mrs. Arnel Rose, Mrs. Percy Jones, Mrs. Harold Watson, Mrs. Tee Stuart, Mrs. Homer Gray, Mrs. Lyndon Byers, Mrs. Margaret Campbell and Mrs. Theodore Jackson were in charge of the gifts.

The bride, a graduate of New Castle high school with the June class of 1947, also graduated from the Erma Lee Beauty school of Cleveland, O. Since that time she has been affiliated with the Renee Beauty salon of Youngstown, O. The bridegroom is associated with the General Fireproofing company of Youngstown, O., as a press operator.

Dispensing with a wedding trip until the latter part of July, Mr. and Mrs. King will reside for the present at the home of the bride's parents.

Forest Fires Low During Past Year

HARRISBURG, July 6.—(INS)—The number of forest fires and total damage reported during 1949 in Pennsylvania was the second

lowest in 49 years of records, the State Department of Forests and Waters announced today.

The department reported 1,540 fires burned 32,722 acres of woodland valued at more than \$95,000. Expenses of fighting the fires totaled approximately \$84,000.

The record low was set in 1948

when only 842 fires were reported and an estimated 13,000 acres of woodland destroyed.

In 1913 and again in 1930 an all-time high was hit when more than 300,000 acres of forest land were damaged, the department reported.

Kiwanis Hears J. C. Wachtman

G.N.C.A. Director Tells
Of New Program

Speaking before the New Castle Kiwanis Club, Wednesday noon, J. C. Wachtman, executive vice-president of the Greater New Castle Association told the club members of a new program the association is launching to sell New Castle to its residents and then to the world at large.

He gave an outline of a new brochure, which is to be made available for distribution in the near future, telling of the advantages of New Castle as a place to live and work, and as the center of one of the greatest centers

of population and trade area in the world.

The brochure outlines the history of the city since its founding, of its ups and downs in the industrial picture, and of its many natural advantages both as an agricultural center, and as a manufacturing center, with an abundance of fuel, electricity, and water available to manufacturers.

The completion of the turnpike will give truck shippers a through route to the east, only nine miles away from the city hall, and to important highways leading towards the west.

In conclusion, he stated that members of the service clubs must furnish the manpower, brains, and finance along with the other citizens to sell this program.

COAL TO STEEL

It takes 40,000 tons of coal to produce the power needed to fabricate the steel for a 35,000-ton battleship. This is a complete day's output for more than 6,700 coal miners.

Local Violinist Holds Recital

The first in a series of summer graduation recitals by the University of Kentucky music majors was presented by Zygmunt Darzynkiewicz, violinist and son of Mr. and Mrs. Zygmunt Darzynkiewicz of 709 Arlington avenue, this city.

Darzynkiewicz, candidate for the bachelor degree in music at the university's summer commencement, was accompanied by Philip H. Barnes, pianist, and Dr. Kenneth Wright of the University of Kentucky music faculty.

A fine program was enjoyed by a large crowd at the Laboratory Theatre of the university's fine arts building. His mother, Mrs. Helen Darzynkiewicz, and grandmother, Mrs. Mary Sokevit of 515 Electric street, were present.

At present he is playing with the University of Kentucky Symphony orchestra.

Housework Easy Without Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Statti Asks Habeas Corpus

Supreme Court Refuses Review

Eugene Henry Statti, convicted in June 1949 of indecent assault has petitioned the Superior Court for a writ of habeas corpus in order to avoid serving the one to two-year workhouse sentence imposed upon him.

This will probably be the last legal step he can take to win freedom. His case was tried in June 1949, and a conviction handed down by the jury. He appealed for a new trial which was refused and in December 1949 he was sentenced to serve one to two years in the Allegheny workhouse.

He then appealed his case to the Superior Court and this court upheld the finding of the Lawrence court. Next he asked for a special allocator to the State Supreme Court but this court refused to review his case.

His habeas corpus petition has now been presented to the Superior Court upon the grounds that he is being held illegally in the Lawrence County jail.

In his petition he sets out that he was sentenced after the term of court in which he was convicted had expired. This he claims is illegal.

LOCAL COURT UPHELD

In an opinion filed by the State Supreme Court, the finding of the Lawrence County Court in a damage suit is upheld. The case is that of Silvio and Margaret Dell, administrators of the estate of Louis Dell against the Edward Chadderton Trucking company of Sharon and Joseph Macri and also listed as defendants, Pasquale Zona, administrator of the estate of Frank Zona.

On July 2, 1948, a tractor-trailer driven by Macri hit the car driven by Frank Zona, on Route 18 near Johnson's Corners, in which were riding Louis Dell and Alec Sansone. Zona and Dell were killed and the suit was brought.

The jury trying the case returned a verdict of \$10,776 all assessed against the Chadderton company and Macri. The Zonas were absolved. The verdict was appealed to the State Supreme Court and this body upholds the Lawrence County Court.

Jamboree Of Scouts Will End Tonight

VALLEY FORGE, Pa., July 6.—(INS)—The pageant of world brotherhood will officially ring down the curtain tonight on the Second National Boy Scout Jamboree at historic Valley Forge Park.

Shortly after completion of the pageant, the scouts will begin heading for their homes in 48 states and 19 foreign nations in what officials describe as the largest 44-hour peacetime movement of passengers by rail in the nation's history.

Some 47,000 scouts attended the jamboree which began June 26 and was highlighted by addresses from President Truman and Gen. Dwight D. Eisenhower.

Meanwhile, Dr. William J. McAnally of the U. S. Public Health Service, declared following the death of one scout from poliomyelitis that there is no evidence of an epidemic.

Two other scouts have contracted mild cases of the disease, he added, emphasizing that there was no cause for alarm.

RUNK-KAUFMAN PLEDGE OF VOWS

Miss Joan Runk, daughter of Mr. and Mrs. I. C. Runk of R. D. 1, New Wilmington, and Ivan D. Kaufman, son of Mr. and Mrs. Harry B. Kaufman of R. D. 1, New Wilmington, were united in marriage Saturday, July 1.

Vows were exchanged in the manse of the Neshannock Presbyterian church at 10:30 a. m. in the presence of the immediate families. Rev. Rowland H. White officiated with the single ring service. The bride wore a gray suit with white accessories. Her shoulder corsage consisted of white roses and stephanotis. She was attended by Mrs. Russel Kaufman, who was dressed in a blue suit with white accents and had a shoulder corsage of yellow and white roses.

The groom was attended by his cousin, Russel Kaufman.

The bride was graduated from New Wilmington high school and attended Westminster college. She is employed as a secretary in the office of the Welding Fittings corporation of New Castle.

Mr. Kaufman attended New Castle high school and is employed in agriculture.

The couple left for an undisclosed wedding trip. Upon their return they will reside in their newly-furnished apartment at R. D. 1, New Wilmington, and will be "at home" after July 5.

DRUSCHEL REUNION AT CASCADE PARK

Descendants of Casper and Mary Druschel had their annual reunion at Cascade park, on July 4.

Dinner was served at one o'clock, in the grove. Lee McGaffic gave the invocation. The dinner committee was headed by Mrs. Sally Lawrence, and the coffee committee by Mrs. Mark Druschel.

Paul M. McGaffic, president, was in charge of business session. The following officers were elected for the ensuing year: president, Mark R. Druschel; vice-president, Elizabeth Kray Mattocks; secretary and treasurer, Mrs. W. C. Druschel. It was decided that next meeting would be held at the home of Mark R. Druschel, on Labor Day, 1951.

Ritz Club
Ritz club members met with Mrs. Anthony Panella, Greenwood avenue, Wednesday evening at Cascade park.

Activities were underway in Shelter 7. Plans were made for the 20th annual picnic on Sunday, July 30, the place yet to be announced.

Tables of contests were in play, high score prizes going to Mrs. Curtis Guckert and Mrs. A. DePalmo.

A dainty lunch was served by the hostess, aided by Mrs. Albert DePalmo.

July 19, is the meeting with Mrs. James Barlett of Robinson street.

Mr. And Mrs. S. R. McCleary To Have 50th Anniversary

MR. AND MRS. S. R. MCCLEARY

Mr. and Mrs. S. R. McCleary of 321 North Shenango street, well-known local residents, will observe the 50th (golden) anniversary of their wedding day on Tuesday, July 11.

"Open house" will be held at the McCleary home on Sunday, July 9 from 2 to 4 o'clock.

Mrs. McCleary, the former Edna Elliott, is the daughter of Mr. and Mrs. James B. Elliott, and Mr. McCleary is the son of Mr. and Mrs. Samuel Scott McCleary.

The couple were united in marriage on July 11, 1900 in the First Methodist church of New Castle,

with Rev. Reuben F. Randolph officiating at the ceremony.

They are the parents of four sons, James E. of Aurora, Ohio; Odd H. of Ellwood City; Donald S. of Mt. Lebanon; and Samuel R. Jr. of New Castle. Mrs. Donald Glikson and Nancy McCleary are two grandchildren. There is one great-grandchild.

Mrs. McCleary is still very active in business. Mr. McCleary has been retired for a number of years, having formerly been associated with the Carnegie Steel corporation.

MISS JUNE THOMPSON HONORED AT SHOWER

Several lovely gifts of a miscellaneous nature were recently presented to Miss June Thompson, bride-elect of Friday, July 7.

Friends and relatives gathered at the home of the honoree's mother, Mrs. G. L. Thompson, Warren avenue, with Mrs. James Houston, Mrs. D. R. Moore and Mrs. Richard Thompson as hostesses for the occasion.

Amusing games were enjoyed during the early hours, with dainty refreshments later served by the hostesses. Shower appointments were carried out in a pink and white color scheme. Lovely summer flowers decorated the prettily arranged table.

Miss June Thompson will be united in marriage with Ernest A. Carr at the Third United Presbyterian church. The "open church" ceremony will be performed at 7:30 o'clock.

The bride-elect is the daughter of Mrs. G. L. Thompson of 915 Warren avenue, and the prospective groom is the son of Mr. and Mrs. Jesse E. Carr of R. D. 3, Volant.

MERRI-MAMS WELCOME NEW CLUB MEMBER

Mrs. Frank Cozza was welcomed as a new member when the Merri-Mams club gathered at Venditto's camp on Wednesday evening. Mrs. John Morar was hostess for the event.

Business was conducted, with cards a later diversion of the evening. Prizes were awarded to Mrs. Frank Cozza and Mrs. Charles Campbell. The club prize was presented to Mrs. Marshall Ruscetti. Mrs. Walter Vogan of Rose avenue will entertain the group at her home on July 31.

POLKA DOT CLUB HAS THEATER PARTY

Associates of the Polka Dot club spent an enjoyable evening Wednesday when they gathered at a local theater.

In conclusion, the group was served delicious refreshments at a local inn, where a short business meeting was also held. Mrs. Frank Ostrowski was hostess for the evening.

Mrs. John Nakonecny will entertain the club at her home, 1708 Morris street, for their next meeting on July 19.

Hoover Reunion
The annual Hoover reunion was enjoyed July 4 at the home of Mr. and Mrs. Norman Guy, Ellwood City, with 47 members attending.

Games and social chat were the pastimes of the afternoon and a picnic dinner was served at 6 o'clock, after which the business meeting was conducted by the president, Jim Bintrim.

New officers elected were: Mrs. Ernest Bintrim, president and S. T. Hoover, secretary-treasurer.

MARGARET FRAZIER WEDS ALFRED JONES

A ceremony of charming simplicity united in marriage Miss Margaret Frazier and Alfred Jones on Friday, June 30, at 7:30 p. m. Wedding vows were repeated by the young couple in the First Congregational church, with Rev. Thomas J. Jones, officiating at the double ring service.

Miss Frazier is the daughter of Mr. and Mrs. Tom Frazier of 640 Boston avenue, and Mr. Jones resided at the Y.M.C.A., New Castle. The attractive bride was attired in a fashionable white suit, with royal blue accessories as pretty accents of the costume. She wore an orchid corsage.

Mrs. Dolores Robb, matron of honor, wore a pink suit with charming navy blue accessories. Her corsage consisted of roses and carnations.

Roger Hawk served the groom as best man.

Mr. and Mrs. Jones later departed for a wedding trip to New York City by plane. They will reside at 640 Boston avenue upon their return.

Mrs. Jones, a graduate of Union high school, is employed at the Shenango Pottery company. The groom, a graduate of the local senior high school, is employed at the Johnson Bronze company.

Young Matrons Club members were entertained at the home of Mrs. Frank Neve, Shadyside, with Mrs. Tullio Stefano as co-hostess.

After a tasty picnic supper, which had originally been planned for Cascade Park, card playing was the main pastime. The club tokens were captured by Mrs. Angelo Chill and Mrs. Louis Scarnati.

July 19 is the meeting with Mrs. Angelo Chill, of Nemo street.

L. A. B. Postponed

Members of the L. A. B. club will meet at the home of Mrs. Kit Vaughn, East street, July 20, instead of this evening as previously scheduled.

To Hear ReportWill Take Action
On Securing Pastor

Announcement is made by order of the Session of Mahoningtown Presbyterian church that a meeting of the congregation has been called for Sunday, July 16, to hear and act on the report of the committee to secure a pastor, and to take any action called for in connection with this report.

All members and regular contributors are urged to remain for this meeting, which will be convened immediately following the regular morning service.

Rev. Rowland H. White of Neshannock Presbyterian church of New Wilmington will be guest preacher on July 16. Because he is chairman of the Presbytery committee on ministerial relations, he has been requested to moderate at the congregational meeting.

During the morning service there will be reception of new members and administration of the Lord's Supper.

Happy Go Lucky Club
Has Dinner Meeting

On Wednesday evening members of the Happy Go Lucky club gathered at a local tea room for a dinner meeting.

A splendid chicken dinner with all the trimmings was served at 6 o'clock upon tables nicely decorated. The hostess was Mrs. Sue Lynn.

The door prize was captured by Mrs. Stella Mangino. After a period of reminiscing, the group adjourned to a theatre party.

On Thursday, July 20, the club will meet in the evening for a dinner at the same location, with Mrs. Elizabeth Savelli as hostess.

Arrangements were made for a wedding anniversary gift for Mrs. Martha Palmiro at next meeting.

Study Plan To Sell Huge Stock Of U.S. Butter

By JOHN HARMS
(I. N. S. Staff Correspondent)

WASHINGTON, July 6. — The Agriculture department is studying a plan today to sell millions of pounds of government-owned butter for a penny a pound on the open market.

The penny-a-pound proposal, although it sounds fantastic, is getting serious consideration. It presently is under strict wraps, but one official says it ultimately would permit a grocer to sell an extra pound of butter for a penny to a customer who bought a pound for the usual price.

Such a plan, it is believed, would move more butter into the home, although it would saddle the government with great losses. The government would continue to buy butter at about 60 cents a pound and then sell it for a penny.

There is no chance, officials say, that the retail butter price level will change very much until at least next March, when the current price support program ends.

They believe that lowering the support level would prompt people to eat more butter, because of the lower prices that would prevail. But the Agriculture department is bound by the new farm law to follow the present level program through March.

The government at present owns 180 million pounds of butter and is committed to buy more than 200 million pounds altogether before summer's end. It buys butter at 59 and 60 cents a pound. Current stocks cost Uncle Sam about 84 million dollars.

The department is buying butter at the rate of about 10 million pounds a week, and will continue to do so through most of the summer. And when it buys butter to guarantee farmers a certain price, there is not much to be done with it. Butter in storage lasts barely a year.

Other outlets, such as welfare uses and overseas shipments, are saturated and take but very little. Officials say they have "just a couple of months" to decide what is to be done with the butter. Many of them believe that since there are just so many outlets for government stocks, any program they begin will put the so-called

potato-dumping program to shame. Other possibilities for settling the butter headache, it was pointed out, include just letting it spoil, and converting it to butter oil, a very expensive proposition.

Business Bureau Announces Rise In Business Index

STATE COLLEGE, Pa., July 6. —(INS)—Pennsylvania's industrial activity rose during May for the sixth time in seven months, it was reported today by the Business Research Bureau at Pennsylvania State College.

During May, the index rose three points to 192 and was only two points short of the post war high registered for the month in 1948, the bureau added.

The index is based upon anthracite and bituminous coal production, employment in manufacturing and industrial sales. The 1935-39 period is used as a base of 100. Industrial power sales, factory payrolls and employment hours all showed gains during May, according to the bureau, while hard coal production jumped 30 per cent compared with an anticipated seasonal increase of one per cent.

"Motor vehicles sales and building contracts declined after having been very high for several consecutive months," the bureau reported. "But both series are still far ahead of last year for the first five months."

"The decline in bituminous coal production was more than offset by the increase in anthracite production while freight carloadings were low because the Pennsylvania and New York Central railroads were struck for part of the month," the bureau added.

For every \$130 spent on all medical research in the United States, only two cents is spent on psychiatric research.

Russian-Built Fighter Bombers Reported In Action

By FRANK EMERY
(I. N. S. Staff Correspondent)

TOKYO, July 7.—(Friday)—Far Eastern Air Force Headquarters announced today that Russian-built Stormovik fighter bombers as well as Russian-built Yak fighter planes have been in action over Korea since the second day of the war.

The revelation was made in an announcement that First Lt. Robert E. Wayne, 24, of Garden City, Long Island, bagged two Stormoviks in a single day—the first American pilot to make a double "kill" in one day.

Wayne, a jet fighter pilot, downed the Stormoviks over Kimpo

June 26 while he was flying "cover" for the evacuation of Americans from the war-torn country.

Three fellow fighter pilots accounted for two more of the Russian-built fighter bomber, making a total "bag" of four for the day.

Announcement On Pittsburgh Probe Expected Shortly

HARRISBURG, July 6.—(INS)—Attorney General Charles J. Marjett's announcement of the commonwealth's intervention in the Pittsburgh "free work" investigation was approved today by Gov. J. es H. Duff.

A spokesman in the governor's office said the announcement will be made shortly.

U.S. Troops Are Speeding On To Korea

By JOHN RICH
(U. S. Staff Correspondent)

Aboard American troopship en route Korea, July 6—This LST, rushing American artillery and troop reinforcements from Japan to Korea, was efficiently loaded in a few hours late today. Our troopship, manned by a Japanese crew, is one of many rushing more and more GI's and heavy equipment to the fighting front.

A few Japanese stood on the dock watching supplies being loaded. Dusty vehicles climbed the ramp and were quickly secured on deck.

Swings Toward Korea

Then the ship swung seaward toward Korea we passed a picturesque little Japanese island, still visible in the last glow of sunset. It was the same scene repeated dozens of times in the last few days as ships carried American fighting men and arms to Korea.

There was a group of Japanese girls on the dock to wave farewells to laughing GI's who shouted to them in Pidgin Japanese. One girl continued to shout "Bobbie! Bobbie!" over and over until

the vessel was almost beyond earshot.

The youthful, GI, Bobbie, to whom she was calling finally called back:

For goodness, sakes, Matsuko, shut up."

Little Business

The port of departure was a sad place for Japanese businessmen. Little trade has been done there because GI's were restricted to quarters a few days ago.

Many wealthy Japanese, fearing possible North Korean air raids on Japan, are moving from town to the mountains.

A few hours out from port, many of the GI's began to quiet down. Some climbed atop the dusty vehicles to sleep until they were forced inside by stormy weather in the sea of Japan.

Each vehicle was crammed full of equipment, chow and everything that might be needed for a campaign of undetermined length.

The GI's on this LST (landing ship tanks) were not sure what they are facing but their attitude is: "Let's get this over with and get back."

Cemetery Meeting At Rose Point

Saturday evening, July 8, at 8 o'clock at the Reformed Presbyterian church, the Rose Point Cemetery association will meet.

Television receivers in cities somewhat remote from the transmitters effect reception by erecting aerials on high masts, some even 100 feet.

MOSES LED HIS PEOPLE TO GOD HE ALSO TAUGHT THEM HOW TO WORSHIP

The Golden Text

Scripture—Exodus 4:28 -31; 19:20; 35; 40:17-38.

Moses and the burning bush.

"If ye will obey My voice indeed, and keep My covenant, then ye shall be Mine own possession from among all peoples."—Exodus 19:5.

By NEWMAN CAMPBELL

The condition of the Hebrew people in Egypt was a pitiable one. They had multiplied greatly since the days of Joseph, who had persuaded his father, Jacob, and his family to come to that country when a great famine struck their own land.

Now all Egyptians who had known Joseph were gone, and his people were an oppressed minority group—as we say in this day and age.

Moses, the baby who had been saved from death by the Pharaoh's daughter and brought up as her son, was in exile from Egypt. One day while tending his flocks, he saw a bush that was on fire but did not burn. He stepped aside to examine it, and the voice of God came from it, appointing him as the man to take his people out of

the Egyptian land to a country which they could call their own.

The Lord told Moses that the Pharaoh's heart would be hardened and he was to show the ruler various miracles or signs that would finally convince him that he should let the people depart.

The Lord told Aaron, Moses' brother, to go into the wilderness to meet Moses and to hear what he had to say. The two brothers had been separated, so the meeting was a joyous one.

Moses divulged that he was coming back to Egypt, and that he, with his brother, was to lead the people forth when they gained the Pharaoh's permission.

The two gathered the leaders or elders of the people together, told them God's plans for the people, and showed them the signs which were to convince the Egyptian ruler that God was with the Hebrews and he should let them depart.

We skip over the struggle with Pharaoh and the escape of the Israelites, to some months later, when they were encamped in the desert, near Mount Sinai. Moses went up into the mountain to talk with God, and the Lord told him to tell the people:

"Now, therefore, if ye will obey My voice indeed, and keep My covenant, then ye shall be a peculiar treasure unto Me above all people: for all the earth is Mine:

"And ye shall be unto Me a kingdom of priests, and an holy nation. These are the words which thou shalt speak unto the children of Israel."

Moses repeated the Lord's words to the people and they all answered, "All that the Lord hath spoken we will do. And Moses returned the words of the people unto the Lord."

Then the Lord told Moses to have the people wash and sanctify themselves, for He was going to appear to them in the mountain, but no one but Moses must see Him. If any other so much as touched the mountain he would die.

The people prepared themselves, and on the third morning "there were thunders and lightnings, and a thick cloud upon the mount, and the voice of the trumpet exceeding loud, so that all the people that were in the camp trembled."

"And when the voice of the trumpet sounded long, and waxed louder and louder, Moses spake, and God answered him by a voice."

The Lord gave Moses laws to govern the people, including the ten commandments which were later graven on the tablets of stone. Chapter 35 tells us how Moses asked the people to donate the materials necessary for building the Lord's tabernacle.

All the men and women who were "willing hearted" came to him, bringing their most precious possessions—jewels, uncut precious stones, gold, silver and brass, purple cloth, blue and scarlet, spun by the women. Some women spun goat's hair, and there were "red skins of rams", and badgers' skins which were brought. All things needed were given for the work, including spices, and sweet incense.

Then the work began, according to the Lord's directions to Moses, and when it was finished, Moses put the candlesticks in the tent of the congregation, and he lighted the lamps before the Lord.

When all was done, a cloud covered the tent of the congregation, and the glory of the Lord filled the tabernacle.

And Moses was not able to enter into the tent of the congregation because the glory of the Lord filled the tabernacle.

Thus did Moses bring the people to God and teach them how the Lord desired them to worship Him. It is a lesson modern Christians would do well to take to heart—that of obedience to the will of God and faith in Him.

Three Drown In Floods In Pittsburgh

PITTSBURGH, July 6.—(INS)—Three persons were drowned yesterday in flash floods that hit the Pittsburgh area.

Dead are William J. Ward, owner of a trailer camp in nearby Ohio township, and Mrs. Elizabeth Millsap, of Moon township. Mrs. Millsap's seven-year-old daughter, Rita, also was washed away in the flood waters, but the child's body hasn't been recovered yet.

Ward drowned as he was aiding in the rescue of residents of his trailer camp. Mrs. Millsap and her daughter were swept away as they tried to cross a swollen creek near their home.

The sudden and heavy rains flooded many sections of Allegheny county. Cellars and streets in many low areas were inundated, and scores of persons had to be carried to high ground from their homes and stalled vehicles.

Methodist Youth Plan For Outing

Combined Youth Fellowships of the First Methodist and Epworth Methodist churches will have a picnic Friday evening at the

Y.M.C.A. camp, it is announced. The groups will assemble at their respective churches at 6:30 and be transported to the camp.

Plans have been made for a softball game between the two churches, with swimming to follow. A wienie roast will take place along with the serving of other refreshments. Jack French of the

First church is general chairman of the union outing.

SEALED BOTTLES

When going on a picnic, and you wish to make a bottle leak-proof, fit the cork tightly into it, then dip in melted paraffin. Tie a piece of heavy paper over the top to make it even more secure.

Will Issue Licenses At Fire Departments

Bicycles owned by residents of New Castle will be registered and licensed during the period July 10-28.

Miss Caroline Black, clerk of the chief of police, and a police officer have arranged a schedule of two-day stops at the various fire stations.

Registration fee is fifty cents and all owners are requested to bring their pink cards from last year with them.

Two days will be spent at each of the locations listed below except the seventh, sixth and first wards.

Miss Black will be in the seventh ward on the afternoon only of July 10, and all day on July 11. She will be at the sixth ward all day on July 14 and in the afternoon on July 17. One day, July 26, will be for the first ward.

Registration hours are from 9 to 12 o'clock in the morning and from 1 to 4 o'clock in the afternoon.

Schedule Arranged
The schedule is as follows:
Seventh ward: July 10 and 11, fire department on Cedar street.

Fourth ward: July 12 and 13, fire department on Ray street.

Sixth ward: July 14 and 17, fire department on Smithfield street.

Fifth and Eighth ward: July 18 and 19, fire department, Sciota street.

Third ward: July 20 and 21, fire department on Vine street.

Second ward: July 24 and 25, fire department on Park avenue.

First ward: July 26, fire department, Jefferson street.

Police department, July 27 and 28, Grant and Jefferson streets.

WOMEN OVER 40

Face The Change With A Bright Outlook
Many women approaching "the change" worry lest home and family life be unduly disturbed by the miserable way they often feel—tired, depressed and irritable, nerves on edge. Seeking relief from such common symptoms of Change of Life, thousands of women have found Cardui wonderfully beneficial, often giving just the kind of relief they need, when most needed.

A grand stomachic tonic, Cardui helps to build resistance, fortify vitality, and encourage a brighter outlook. Aids also in easing nervous "edge" tension and gives spirits a lift, thus helping to combat that jittery uncertain feeling. Try Cardui. Your druggist has it! Do get Cardui this very day! Farmers To Get Higher Prices For Fruit Crop

WASHINGTON, July 6.—(INS)—Farmers are expected to receive higher prices for most varieties of fruit this year than they did last year.

For some fruits, the Agricultural Department says, prices farmers receive may be considerably higher this summer than the very low prices last summer.

These higher prices seem likely mainly because of smaller production. Reduced stocks of canned fruits and continued strong consumer demand also indicate the higher prices prospect.

The peach crop this year is estimated at about 25 per cent less than 1949 production. There will be about 56 and a quarter million bushels of peaches this year. Severe winter freezing and spring frosts cut the crop this year.

Cherry Production
Production of all varieties of cherries in 1950 is estimated at 222,110 tons—11 per cent less than the record 250,230 tons of 1949. There will be 43 per cent less sweet cherries, but a new record sour cherry production of 143,440 tons.

The 1950 production of apricots in California, Washington and Utah—the three principal commercial apricot states—is estimated at 207,600 tons, five per cent larger than the 1949 crop.

This year's pear crop is expected to be as much as one fourth smaller than the record 1949 output of almost 36 and a half million bushels. This year's pear crop is estimated at almost 28 million bushels.

Fewer Apples
There will be less apples, too, this year. The commercial crop is expected to be about 110 million bushels, compared to the large 1949 crop of 133 million bushels. Smaller production this year from last is expected in all apple regions of the country, except in the south Atlantic region.

Plums and prunes production is expected to be down and strawberry output 15 per cent larger than last season.

Supplies of California Valencia oranges, principal fresh orange marketed during July through September, are expected to be about as large this summer as last summer. The crop is estimated at 25 and a half million boxes.

Demand for oranges for making frozen concentrated orange juice is expected to help sustain prices for California Valencias at about current levels.

The department estimates that supplies of grapefruit will be smaller than usual again this summer as they were last year, at about one and a third million boxes.

There were 34 train accident fatalities in the United States in 1948—one for every 1,350 million miles traveled.

Local Delegates At State Convention

The delegates and officers of the degree team from New Castle Auxiliary, 455, Fraternal Order of Eagles, returned from the state convention in Coatesville, Pa., early Saturday morning, July 1.

There were about 500 in attendance including several high officials from the grand aerie in Kansas City, Mo.

On Wednesday, June 28, the auxiliary from Ellwood City Aerie, 1246, initiated a class of candidates.

On Thursday, June 29, the ladies from New Castle Aerie 455 presented the memorial services for all members who had passed away during the year.

The election of new state officers for the fiscal year 1950-1951 was held. The degree team of Coatesville Auxiliary 467, installed the officers.

The following officers were conducted to their stations, state jr. past president, Helen Ashenfelter; state president, Kay Guy; state vice president, Margaret Buhite; state chaplain, Elsie Petrosky; state secretary, Jessie Graver; state treasurer, Cora Burchfield; state conductor, Adaline Navarra; state inside guard, Lucy Pluce and state outside guard, Cecelia Jackson; state trustees, the Mesdames Stillwagon, Wiggins, Morris, Griffiths, Thomas, Rentz and Newcomer, the state membership board Secretary-Treasurer, Henrietta Davis and

members, Jessie Graver, Geraldine Newcomer, Kay Guy, and Helen Ashenfelter.

The city to be hostess to the next state convention will be decided on at a later date.

Monroney And Thomas Will Compete In Run-Off Election

OKLAHOMA CITY, OKLA., July 6.—(INS)—Unofficial returns of primary election indicated that six-term congressman Mike Monroney and U. S. Senator Elmer Thomas, will have to compete in a run-off election July 25 for the senatorial nomination.

With more than 3,640 of the state's 3,786 precincts reporting, Monroney had 190,500 votes, Thomas 173,100, and five other candidates had a total of 34,375 votes. Monroney lacked a majority, however.

Johnson Murray, son of former Governor W. H. (Alfalfa Bill) Murray, was increasing his lead for the nomination for governor but also lacked a majority.

Shenango Pottery Opens Retail Store

Announcement is made today by the Shenango Pottery company of the opening of a retail store, where residents in the local area may purchase Shenango Pottery company products.

The store, which will be open Friday, is located on West Grant

street at the west end of the Grant street bridge.

Here the company will offer regular china ware from slightly imperfect ranging down to seconds, at greatly reduced prices. Also to be had will be novelty items and close-out lines.

In addition, they will offer an entirely new product, which is making a tremendous hit over the country, wherever it has been shown. This is the Epicure cooking ware, and Epicure Rustic Chinaware. This is the first time

that this line has been offered in this section.

The store, which is being opened because of a great demand from the public, will be managed by Tony Crane, assisted by Mrs. Merle Boyd.

Protest Fighting In Korea By Fast

WASHINGTON, N. J., July 6.—

(INS)—Two married couples and a single man who belong to a tiny "world community" of Pacificists were on a 14-day fast today in protest against the fighting in Korea.

The five urged both Russia and the United States in a statement to withdraw from Korea and influence the local leaders to settle their differences.

Those who vowed to eat nothing for two weeks and drink only

water are Mr. and Mrs. David Dellinger, Mr. and Mrs. William Lovett and William Kuenning.

They are part of the "Gien Gardner Cooperative, dedicated to world citizenship, established three years ago.

The group of thirteen adults and six children derive their living from a printing plant.

Atlanta, Ga., is said to have the lowest juvenile delinquency rate of all American cities.

'America's Forces Modern Until They Reach Korea

U. S. HEADQUARTERS IN KOREA, July 6.—(INS)—America's war to repulse the Communist invaders of South Korea is as modern as television—until it hits Korean earth where it descends to a level.

Supplies, ammunition and guns are rushed to Korea from Japan in a few hours aboard modern air transports. The equipment is unloaded onto ox carts, charcoal-burning trucks and even handcarts for slow movement forward.

The Koreans are doing the best they can to help but they are terribly handicapped.

At one airfield Americans are using as a main terminal, hundreds of civilian volunteers are working day and night to keep the field in operational order.

Built By Japs
It is not much of a field. The Japanese built it years ago for light aircraft. Loaded 4-engine American transport planes hit the runway with terrific pressure, gouging out holes which must be filled before the next planes can land.

The Koreans do not have bulldozers and other equipment for the job but they know how to work with their hands and backs. They fill hundreds of big baskets with rocks and sand, strap the baskets on their backs and swarm on to the field to fill the holes after each plane lands.

Korean land transport is obsolete but they get the ox carts and charcoal trucks onto the runway in such numbers that are transports are able to unload as much as 5,000 pounds in five minutes.

Cargo transports—C-54s, C-47s and C-46s—fly from Japan in shorter time than it takes ox-drawn equipment to travel 12 miles from the airfield to a railroad station.

Bizarre caravans of every type of vehicle the Koreans own wind terminally along a road to get supplies to and from the airport.

Tedious Transport
It is tedious and almost inadequate transport, but the Americans are trying hard to keep their tempers because they realize the Koreans are giving everything they have.

Korean railroads are better, but not much. Trains are running many hours late because the South Korean army is making a troop train of everything moving on tracks.

One American who traveled to this headquarters last night reported:

"We only had one coach and a boxcar when we started, but we were a complete troop train by the time we arrived."

"The train was stopped innumerable times through the night by soldiers who piled aboard after having a station guard flag down the train."

"The soldiers seemed to come from all over, strapping on equipment as they hurried to the train for the front. Some had Japanese rifles with a few rounds of ammunition. Others jumped aboard without any arms or ammunition at all."

Expect State To Join Probe At Pittsburgh

HARRISBURGH, July 6.—(INS)—The commonwealth's intervention in the so-called free work investigation in democratic-controlled Pittsburgh is expected to be announced at the State Capitol today by Attorney Charles J. Margiotti.

The anticipated investigation, which election-conscious Pittsburgh Republicans have been seeking for months, revolves around work done by city employees beyond their official duties on municipal time and other alleged irregularities.

W. Denning Stewart, Pittsburgh Attorney, may be chosen to direct the investigation.

Margiotti's appointment by Gov. James H. Duff to the \$15,000-a-year Attorney General's post yesterday as the forerunner of the commonwealth's intervention in a scrutiny of certain municipal affairs in Pennsylvania's second largest city.

The governor is empowered to supersede District Attorney William C. Rahauer. Appointment of a special Deputy Attorney General to conduct the inquiry with the aid of State Police investigators may be Margiotti's first move.

Council Members Are Entertained At Camp

Council members of the New Castle Girl Scout Council area were guests at the camp at Kennedy's Mills Monday evening for dinner. Due to the inclement weather, the dinner was held in

Each unit prepared part of the meal and served from tables beautifully decorated with wild flowers, leaves and pines gathered and arranged by the girls. The guests were each presented with a daisy corsage and as a background, each unit had sketched and colored a

For the evening program each unit had its own program. Some did folk dancing and played games in the barn, while others dramatized songs and stories at their

unit site. Mrs. F. A. Hawthorne, the regional camp director, was an all day guest. Miss Eleanor L. Wright, water safety Red Cross field representative, of Alexandria, Va., also visited.

Korean War Promises To Be Costly One

By DARRELL GARWOOD
(N. S. Staff Correspondent)

WASHINGTON, July 6.—The Korean war promises today to be costly to the United States in both manpower and money.

Defense spokesmen said that hope is fading that the situation can be handled within present budget and personnel limitations. The only alternative is for the armed forces to ask congress for more money and more men—probably reserves.

Need Increases

The need for men and money was underlined by a flat navy statement that said "of course we are shy of both ships and men, but we cannot get more under our present ceilings."

The navy's statement was made by a top information officer late Wednesday to newsmen gathered for a briefing on the war situation. Unless the fighting can be wound up quickly, its total requirements threaten to dwarf those of the year-long Berlin airlift, the cost of which was officially set at 50 million dollars.

The airlift, with no shooting, involved about 15,000 Americans and 200 large transport planes.

By comparison, at least 50,000 Americans already are involved in operations to support the South Koreans. At least 1,000 military planes and a huge war fleet are engaged in all-out attacks.

Both the White House and the defense department are extremely reluctant to upset the American peacetime economy, but these concessions already have been made:

1. The air force is authorized to call up certain reserve radar specialists on a "voluntary" basis. The word "voluntary" is taken to be largely meaningless, since the specialists must be obtained.

2. The air force is empowered to spend up to two million dollars in chartering commercial planes and airlines space to move men and the equipment to the far east.

3. The navy has sent the 13,000-ton aircraft carrier to the Orient, not to take part in the war, but to deliver replacement planes and parts to the fleet.

Army officials believe that the troops sent to Korea by Gen. MacArthur will have to be replaced in Japan. This may eventually mean sending 30,000 to 40,000 infantrymen from the U. S.

NATURE STUDY FOR GIRL SCOUTS

Gypsy Unit of Girl Scouts at camp this year are pictured here as they meet for their daily nature class. This feature of regular camp has been added this year to teach the young girls basic zoology and botany. It also helps the children over their fear of creeping and crawling things of the out-of-doors. Mrs. John Burke of Vandergrift, Penna., is known to the girls as the Nature Lady, pictured to the left above, holding a garter snake. The two unidentified girls with the striped jerseys are holding live turtles.

Seek To Speed Congress Bills

Senate Leaders Press For Action

By FRANK B. ALLEN
(N. S. Staff Correspondent)

WASHINGTON, July 6.—Senate leaders are pressing committees to rush action on tax and appropriations bills so Congress can adjourn or be prepared to meet an emergency stemming from the Korean crisis by Aug. 1.

The Senate Appropriations committee reportedly backed President Truman's Korean policy by approving in full his one billion, 178 million dollar arms-for-friends request.

Democratic Leader Lucas, Ill., called upon the appropriations committee to send its 34 billion dollar, one-package bill before the Senate Monday—a task one Senator called "herculean."

Lucas also asked the finance committee to speed its tax bill hearings.

The appropriations group speeded up action by allotting money for various foreign programs in a closed session.

Figures were not announced, but it was learned that while granting military aid fund requests in full, the committee voted to cut President Truman's point four program back to 10 million dollars.

The Senate had authorized 35 million for point four technical assistance to under-developed nations.

Sets Of Coins To Be Sold By U.S. Mint

PHILADELPHIA, July 6.—(INS)—The Philadelphia mint announced today that it will sell sets of coins with a total value of 91 cents for \$2.10, including postage.

Each set includes a cent, a nickel, a dime, a quarter and a half dollar. They are "proof coins" stamped by hand-presses from specially prepared metals and are sought by collectors. What's more, said the mint, the owner can spend them just like any other money if he runs short of cash—but in a cash deal they won't be worth any more than any other coin.

Today's Fashion Flash

By PHYLLIS BATTLE

NEW YORK, July 5.—(INS)—Sun glasses would be 100 per cent effective, if it were not for slip-page—caused by perspiration of the proboscis.

American Optical Co. designers today came up with the solution: A polaroid sun glass that can't slip. It ties securely and fetchingly on the head.

The new specs have long, wide temple pieces (those stems that run from frame to ear). Each temple piece is slotted over the ear so that ribbons or scarves may be pulled through it.

With the glasses, a lady gets a careful of illustrations on how she can drape her headgear most effectively to shield her hair and promote her glamour while she's anchoring her glasses against slipping.

The polaroids come with all-plastic lightweight frames, in several shapes and in colors conducive to daytime drama.

One Is Killed; Fourteen Hurt In Rail Wreck

MAUCH CHUNK, Pa., July 6.—(INS)—A two-pronged investigation was underway today into the collision of a Diesel locomotive and a work car in which one man was killed and 14 others were hurt.

The accident occurred late yesterday on Glen Onoko curve of the Central Railroad of Pennsylvania lines near Mauch Chunk. Physicians said Leo Milan, 59, an East Mauch Chunk section hand, was killed instantly.

At Palmerton hospital, four men were reported in serious condition. They are John Miko, Jr., 41; Walter Houser, 28; Stephen Scheney, 57, and John Bilsak, 30, all of East Mauch Chunk.

All of the victims were riding on the work car when it collided head-on with the locomotive, traveling on the same track.

Officials of the railroad and Carbon County launched investigations.

Wolves Club Hears Com. Edward DeCarbo

Commander Edward DeCarbo, of the Catholic War Veterans Post 741 addressed the regular dinner-meeting of the Wolves club, Tuesday evening at 6:30 o'clock, at the Castleton.

Commander DeCarbo, who was the past national welfare officer, is the first vice-commander of the state of Pennsylvania. He spoke about the veterans organization in connection with welfare work. Recently the New Castle Veterans Joint Council was organized, and this group is represented by all civic organizations, seeking to achieve better welfare conditions for all groups.

Commander DeCarbo spoke on the principles of the Catholic War veterans and reiterated the fact that this group is strongly opposing any Communist group and will continue this fight. William Ross introduced the speaker.

Guy Angelucci, a member will leave shortly for a vacation trip to Italy. It was announced that the annual Wolves picnic will be held on July 30, the place to be announced.

President Anthony Marino presided, and stated that on August 1, a stag party will be held in Hotel New Penn. Frank Summers was in charge of the program.

July 18, is the regular meeting.

Ill-Tempered Fowl Reported To Police

New Castle city police were dispatched today on one of the "fowl-est" cases in local police history.

C. Sabano, 501 Friendship street, complained to Mayor Haven and Sergeant Syling that he had been attacked by a rooster while on his way home from work in the vicinity of Union street.

Officers Price and Kovach were sent to the scene and advised the owner to do away with the rooster legally or plan a big Sunday dinner.

Officer Price said he had been policing for 15 years but that this was his first rooster call.

has been admitted to Deshon hospital, Butler, where he is undergoing treatment. Mr. West is a veteran of World War I.

Sugar Hoarding Is Again Reported

PITTSBURGH, July 6.—(INS)—Sugar wholesalers and brokers in Pittsburgh today said hoarders have been stocking up on the commodity since the outbreak of the Korean war, and warned that a "synthetic shortage" will result unless the buying spree ends.

Residents who recall the rationing of World War II, have besieged their grocers with requests for large quantities of sugar, and wholesalers say they are swamped with orders from retailers.

All of the major supplies in the area insist there is "plenty of sugar on hand."

Continuation of the spurge, they add, would send prices up.

One dealer reported signs that producers may hold back sugar in anticipation of a price rise.

Family Of Mission Leader In Accident

After concluding a visit in the city with Rev. F. D. Marshall of the city Rescue Mission, Wednesday afternoon, Rev. Marshall's

father, Rev. Fred W. Marshall, of Brockton, N. Y., and two brothers were in an automobile accident near Sagertown, Pa.

The elder Marshall, along with his two sons, James and Robert, were traveling north, when their car was sideswiped by an oncoming vehicle injuring the Marshall family. The younger of the two

boys, Robert, aged eight, received a broken leg and is confined to a hospital. The car was badly damaged.

Rev. and Mrs. F. D. Marshall left immediately for Sagertown upon hearing of the accident. They expect to return to the city today.

U.S. Ready To Combat Reds Says Acheson

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, July 6.—The United States stands ready today to counter Communist pressures or outright aggression at any of the world's danger spots.

Secretary of State Acheson made this clear in announcing America's readiness to deal with any new emergency in Berlin.

Yugoslavia, Greece and Iran are lumped with Berlin as the major potential trouble spots over the next few months.

Acheson said emphatically that this country's commitment of military forces in the fight to save South Korea will not weaken American support of Berlin, where the Soviets have cut off water and electric power supplies for the western sector.

This statement confirmed previous declarations that the airlift will be resumed on a moment's notice, should that become necessary.

To Charter Planes
The defense department announced simultaneously that the United States will charter commercial air transports to move additional supplies and troops into Korea.

This is interpreted as a determination not to drain air transport strength from continental Europe, where it might have to be thrown into action in any new emergency.

As against 175 heavy air transports used in the Berlin airlift, the U. S. now has 36 C-54 (four-engine) transports in Europe, plus 48 C-82 (two-engine flying boxcar type) transports. Additional ships could be supplied in a matter of hours.

Earlier this week the 45,000 ton carrier Midway was transferred to the Mediterranean, giving this country two big movable air bases in that area for the first time since the guerrilla fighting in Greece.

The Midway is understood to have been sent to the area because of the concern by military strategists that trouble might break out on the Yugoslavia or Greek borders.

Acheson told a news conference he was informed that conditions were tranquil on the borders of Iran, where Communist pressure has been a matter of concern.

Mrs. Axel Bergland Visits In Sweden

Mrs. Axel N. Bergland, 414 Sheridan avenue, is enjoying her visit in Sweden, according to messages received by members of her family. The local resident plans to be away all summer.

Mrs. Bergland, who made the trip by plane, left the LaGuardia Airport, New York City, N. Y., at noon June 17, arriving at Stockholm at 8 p. m. June 18.

She was met at the airport in Stockholm by a brother, sister and sister-in-law, whom she had not seen since 1916.

DIETER-BRENNER WEDDING
The English Lutheran church of Butler was the scene of a pretty summer wedding when Miss Helen Louise Brenner and Wayne Roland Dieter were united in marriage at 4:30 on Saturday afternoon, July 1.

The Rev. Paul Daugherty officiated at the double ring ceremony. Preceding the ceremony Mrs. Greenwalt played appropriate nuptial music on the organ. Miss Nancy Markel as soloist sang "The Lord's Prayer" and two other favorites of the bride.

Given in marriage by her father, the bride was lovely in a gown of white embroidered organdy over white tulle, a picture hat with blue tulle veiling and blue shoes. She carried a white prayer book with an orchid. Mrs. Harry Erichson of Pont Vedra, Fla., as her sister's matron-of-honor, wore a yellow embroidered dress over yellow tulle. Her accessories were yellow and she carried a bouquet of yellow roses.

Dale Dieter served his brother as best man. Ushers were John W. Brenner, brother of the bride, Cramer Gorley and Harry Erichson.

Immediately following the ceremony a reception was held at the bride's home. A buffet lunch was served with neighbors of Mrs. Brenner as aides.

Mrs. Dieter is the daughter of Mr. and Mrs. C. S. Brenner of Butler. She attended Pennsylvania College for Women and at present is employed in the book department of Strouss-Hirshberg in Youngstown.

Mr. Dieter is a graduate of Youngstown college. He served three and one-half years in the armed forces. He is employed by the R. J. Reynolds Tobacco Co. at Orrilla, Canada, the newlyweds will be at home at 379 Lewis-Cleffert road, Hubbard, O.

TURBULENT THIRTEEN CLUB
On Friday evening Mrs. Frank Cover entertained the Turbulent Thirteen club in her home. Three tables of bridge were in play with high score prizes going to Mrs. John Komar and Mrs. Glenn Epfinger. Mrs. Paul Brown received the galloping prize. Special guests were Mrs. Fred Knoll and Mrs. Donald Wiseman who were presented with gifts. At an appropriate time a delicious seasonal lunch was served by Mrs. Cover. Next month Mrs. Roy Crawford will entertain the club.

NEW BEDFORD NOTES
Mr. and Mrs. Earl McCluskey attended the wedding of the latter's cousin, James Copeland and

Miss Jean Swartz in Warren on Saturday evening.

On Thursday evening, July 13, there will be an all-church picnic at the Hopewell Presbyterian church. The picnic will be sponsored by the Brotherhood and the Hopewell Beacon class.

Mr. and Mrs. George Ashman called at McDannells in Meadville on Sunday afternoon.

Mr. and Mrs. Russell Brown and Mr. and Mrs. Mike Rudzik spent Sunday at their cottage in the mountains near Sheffield.

Mr. and Mrs. Wayne Guillery and children of New Castle and a daughter and her family of Youngstown spent Thursday evening with their parents, Mr. and Mrs. Marcel Guillery, and Nan.

Mr. and Mrs. Robert Wallace, Norman and Carol spent the Fourth at the home of Mr. and Mrs. Harry Lynn and family of Akron.

Robert Stoughton who has been ill at his home is improving.

Johnny, little son of Mr. and Mrs. Joseph Urban, came home from the hospital on Sunday but will have to go in for treatment.

A community shower will be held on Friday evening, July 14, at the home of Mr. and Mrs. George Dieter for Mr. and Mrs. Wayne Dieter.

Walter Goodge of Bethlehem, Pa., called on Mr. and Mrs. Lloyd Goodge and family on Sunday.

Miss Stephanie Urban of Campbell spent Friday with Mr. and Mrs. Joseph Urban and family.

George Zehfus is a patient in the St. Elizabeth hospital where he underwent an operation on his knee.

Mrs. Alice Campbell is ill at her home, having suffered a stroke.

Says Agricultural Surpluses In U.S. Are Here To Stay

WASHINGTON, July 6.—(INS)—The chief of U. S. Experiment Stations predicts that agricultural surpluses are here to stay.

Chief R. W. Trullinger says that "large production" and surpluses are a continuing problem "whether we like it or not."

Trullinger, who also is assistant administrator of Agricultural Research says:

"Everything is geared for mass production on a big-business scale, and it would be difficult to believe that the agricultural industry of today will voluntarily revert to last-generation methods and practices."

"Efficiency is not only now of paramount importance in farming, but it may be expected that future years will intensify its need."

Trullinger says that in view of the nation's continuing tremendous production of a "reasonable part" of the government's research effort will have to be devoted toward developing better distribution and marketing methods.

Trullinger adds that the American people would rather see surpluses of food and fiber—which might cause headaches—than be confronted with "terrible shortages."

The research specialist says it's possible that the U. S. may at some future time be faced with widespread crop failures. More people are being fed and clothed now in the nation than ever before and the population continues to rise.

Trullinger says that if the nation's agriculture is to continue to feed and clothe the people it must have the latest scientific information and must be encouraged to use land resources wisely.

Pictures Painted By Students Here Are Sent Abroad
Pictures that were painted by George Washington junior high school pupils for the Junior Red

Cross International School Art Exchange have been sent to France, Greece, Sweden and Venezuela, it is announced.

A total of 5,500 pictures were submitted from schools throughout the nation to be sent to foreign countries in exchange for pictures painted by foreign boys and girls.

Pictures sent depicted various phases of life in the United States.

Military Personnel News May Be Obtained Through Red Cross
Home Service department of the local Red Cross chapter announces that it is able to handle inquiries of military personnel and dependents in Korea through official channels.

News concerning civilian personnel in that area may be obtained by writing to the Division of Protective Services, Department of State, Washington, D. C. It is announced in a statement by the State department.

From 1892 to 1949 a total of 5,268 elk were shipped from Yellowstone National Park to foreign countries for exhibition and establishing of herds.

"IF IT'S GOLDEN DAWN—IT'S GOOD"

Seek To Speed Arms Supply To W. Europe

WASHINGTON, July 6.—(INS)—A one-man Senate inquiry is underway today aimed at preventing Western Europe from being caught short on military equipment in event of a surprise Communist attack.

Sen. Smith (R) N. J., said he has asked the State and Defense Departments for a report on weapons that have gone to Atlantic Pact countries under the one billion dollar arms program voted last fall.

Smith, a foreign relations committee member, said he wanted to prevent in Western Europe the supply shortage which existed in South Korea when the Communists attacked.

Sad Part Of It

The Senator declared: "South Korea didn't have military supplies although Congress voted 10 million dollars (in arms aid) for them last fall. The sad thing is we have had to put our own boys into South Korea because they didn't have tanks and planes."

Smith said he did not want a duplication in Europe of the Korean situation. He indicated his inquiry sprang from dissatisfaction among Senate appropriations committee members with the extent of military shipments to Europe.

But a Senate Foreign Relations Committee source said that secret testimony on weapons shipments to Atlantic Pact countries surprised Senators, who had not expected "so much so soon."

A foreign subcommittee of which Smith is a member continues hearings today on proposals for a stepped up stop-Communism information program.

PEOPLE TOO POLITE

MONTEREY, Calif.—Census takers in Monterey found themselves losing money because people were too nice. Residents invited the census takers in for a snack or a little chat. It took time and as the workers pointed out, they were getting paid by the name at seven cents each.

HILLSVILLE

Descendants of James and Maria Murphy will hold their annual reunion at Yellow Creek Park, Struthers, O., on Sunday, July 16.

The following were Sunday guests in the home of Mr. and Mrs. Walter Thompson: Mrs. Frank Keefer and daughter Bertha of Clarion, Pa.; Mr. and Mrs. Forrest Jones of New Bedford; Harry Murphy and daughter Mary Jane; and their house guests Mr. and Mrs. Clyde Bond of Pittsburgh.

Mr. and Mrs. Lynnford Groce and family were Sunday visitors at the home of Mr. and Mrs. Ralph Book and family of Bessemer.

Clair Shingledecker who has been a patient in the Jameson Memorial hospital has been discharged and is doing fairly well at his home.

Mrs. Jennie Hilliah, who is a patient in the Jameson Memorial hospital is getting along as well as can be expected.

Mr. and Mrs. Clyde Bond of Pittsburgh have returned to their home after having spent the past ten days with the latter's sister and husband Mr. and Mrs. W. W. Thompson.

Mr. and Mrs. Theron Best and family were recent visitors with relatives in Beaver Falls.

Mr. and Mrs. Lawrence Zelt of Washington, Pa., spent Monday afternoon visiting with their uncle, Harry Murphy, and daughter, Mary Jane.

Mr. and Mrs. Walter Spineic of Sharon were Tuesday visitors with the latter's parents Mr. and Mrs. Nick Schraville.

Mr. and Mrs. Frank Navarra and daughter of New Castle were Tuesday visitors with the former's parents Mr. and Mrs. Frank Navarra, Sr. and other relatives.

Mr. and Mrs. Joe Arena and family of Pittsburgh and Mr. and Mrs. Musitano and family of Bessemer were Fourth of July visitors with their parents Mr. and Mrs. Tony Grist.

Mrs. D. H. Conley of Hayward, Calif., has returned to Pittsburgh after having spent a few days as the guest of Mr. and Mrs. Walter Thompson.

The words "I still trust the people" are to be found on the ornate tomb of Samuel J. Tilden, who uttered the phrase after coming within one electoral vote of the presidency in 1876.

OUTDOOR RAMBLES with N. R. CASILLO

Most of these leaves are those of poison ivy. One near center with five leaflets is the woodbine.

GREEN MENACE

I shall never forget the time I ate two leaves of poison ivy to acquire immunity to its lethal poison.

None of the six youngsters comprising the gang of which I was a member had ever been afflicted with ivy poisoning, but we attributed our supposed immunity to our almost daily contact with the plant.

Anyway, one day Alec Greenwood imparted the exciting information that if one ate a couple of leaves of the poisonous vine annually he would forever be free to handle it with impunity or words to that effect. "The Indians did it," he added, and that was endorsement enough for us.

We knew of an enormous pillar of the rank vine completely covering a thirty foot elm stub, so we tried ourselves to it for the "cure."

Even now I can see Alec nonchalantly stuffing a couple of the sizable leaves into his mouth. All of us followed suit. I recall the acrid taste of the stuff.

A couple of days later I was a sight to behold. My lips were blistered and swollen. My eyes looked like a couple of cream puffs, and the itch was positively intolerable.

Five of the six lads paid the price. Singularly, Alec was unscathed. He (and we too), thought of himself as big medicine. He repeatedly reminded us that his father wasn't part Indian for nothing.

However, despite isolated cases to the contrary, no one is permanently and absolutely immune to the poison. It will eventually get you "if you don't watch out."

For a couple of decades after my first attack I never had another eventful on several occasions I put in a day or two grubbing it out. Then, one day last summer a swarm of the telltale blisters ringed both my ankles.

Poison ivy is found throughout the greater part of the United States. Here in Lawrence county it runs rampant. The large form (Rhus medicans), may be a vine or a twisted bush. The other type (Rhus microcarpa), is a low, herb-like plant growing from prostrate stems. Both have one other common characteristic besides being poisonous, and that's the trifoliate leaves consisting of three shallowly veined leaflets. In other words, the leaf is made up of three leaflets.

Poison ivy scarcely needs any identification. Once in a while it is confused with the woodbine or Virginia creeper, but the leaf of the latter consists of five, prominently veined leaflets. Anyone not sure should consider both untouchables.

The gummy juice exuded by the

bruised stems and leaves is long-lived in its toxic effects. Sources of contamination may be such unsuspected things as clothing that has brushed through it, dogs and cats have come in contact with it, and even the vapors and smoke from vines that are being burned.

If you even suspect having come in contact with it take a soapy bath as soon as you reach home. After thoroughly drying off (and don't rub too vigorously), you should douse the parts which you think came in contact with the weed with liberal applications of rubbing alcohol. The idea, of course, is to dissolve that persistent, oily sap.

If you expect possible contact with it anoint the exposed skin surfaces with a mixture of olive oil or cold cream and 10 percent sodium perborate. The application should be repeated every two or three hours, taking care to wash off the previous application. Various fly dopes are efficacious, the grease or oils in the dope readily absorbing the poison. Later, thoroughly wash off the grease with very soapy water.

Often, contact with ivy is not suspected until after the blisters appear. The object is to reduce and dry them and allay the itching. Regular and frequent applications of alcohol supplemented by hot compresses will often give relief. If the blistered area is extensive or close to the eyes then it's a case for the doctor.

Obviously, prevention is far better than the cure. So, if you are not up on your botany, then it's a

good idea to detour all suspicious looking plants.

NOTE: A series on Native Pennsylvania. Snakes will begin next week.

Action On Tax Measure Is To Be Speeded

WASHINGTON, July 6.—(INS)

Senate Finance committee plan today to by-pass hearings on highly controversial items in the tax bill in order to complete action in a week or ten days.

They are considering the House-passed measure slashing excise or luxury taxes by one billion dollars a year.

Advocates of the reduction are to be heard today.

Senate Democratic leader Lucas, Ill., has announced that he wants the tax bill ready by week after next so that it can follow the Omnibus appropriations legislation to the floor. Lucas is striving for an adjournment or recess of Congress by August 1.

Both the appropriations and the tax bill will have to be considered by Senate-House conferees. This makes it essential to curtail committee work and debate sharply if the deadline is to be met.

Admiral Denfeld Enters Politics

WESTBORO, Mass., July 6.—(INS)—Admiral Louis E. Denfeld,

former chief of naval operations, was a declared candidate today for

the Republican nomination for governor of Massachusetts.

Denfeld, a resident of Westboro, said, "I shall pull no punches and shall tell the truth as I see it."

One of his opponents for the nomination is former Lieut. Gov. Arthur W. Coolidge, cousin of the late President Calvin Coolidge.

Fluffy Fruit Pudding

Broadcast: July 8, 1950

1/2 cup Pet Milk
1/2 package vanilla
pudding powder
1/2 cup fruit cocktail
juice

1 cup canned fruit
cocktail, drained
1 tablespoon lemon
juice
1/4 cup shredded
coconut

Chill milk until ice cold. Mix pudding powder and juice in saucepan. Heat to boiling, stirring all the time. Cook slowly and stir 30 seconds. Remove from heat. Fold in fruit cocktail; chill. Whip chilled milk with cold rotary beater until fluffy. Add lemon juice; whip until stiff. Fold into chilled fruit mixture. Put into 4 dessert dishes. Sprinkle tops with coconut. Keep chilled until serving time. *If there is not enough fruit juice, add water.

**Crushed pineapple or diced peaches and the juice also can be used.

Baltimore's Protest Upheld By Chandler

NEW YORK, July 6.—(INS)—President Frank Shaughnessy of the International League said today Baseball Commissioner A. B. Chandler has carried out an I. L. suggestion and directed St. Louis Browns officials to stop talking about moving the Browns elsewhere.

"All the talk about moving the Browns to Baltimore has actually cut attendance in that city," Shaughnessy said, and added he thought Browns' president William DeWitt was just "looking for cheap publicity" when he said he had received bids from six other cities for the Browns.

Ezzard Charles Is Found 'Fit' May Face Louis In Title Defense

NEW YORK, July 6.—(INS)—Ezzard Charles headed back into training for defense of his National Boxing Association title today, and his manager indicated that the medically-approved champ may yet face Joe Louis.

Confirmation of a story by Lawton Carver, International News Service sports editor, came yesterday when Charles passed a physical examination in which four specialists found a muscle scar over his heart completely healed.

Will Meet Anybody When Asked If Charles would fight Louis, his manager, Jake Mintz, said merely, "We will fight anybody the International Boxing Club names."

Louis, who retired undefeated over a year ago, is one of the officials of the IBC. The International News Service story which said Charles would be found medically fit also said he will fight Louis for the title in a midwestern city in September.

The NBC champ now intends to take up training at his own gymnasium in Cincinnati.

Heroic Jockey Will Be Honored

CHICAGO, July 6.—(INS)—The Illinois Racing Board made plans today for a public tribute to jockey Ken Church who forgot about competition long enough to save a fellow rider from a bad spill and possible death in a race at Chicago's Arlington Park.

The brilliant Windsor, Canada, jockey staged the cowboy-style rescue in front of the crowded grandstand yesterday when Wendell Eads, aboard Trior, lost his left stirrup and dangled dangerously from the saddle just after the start of the third race.

Church, riding Hair Stylist, spurred alongside pulled Eads back into the saddle and rode along with him until he had regained control of his mount.

Injured Racer Is Recovering

ATLANTA, July 6.—(INS)—The condition of Tommy Hinnershitz, Reading, Pa., racer injured in the Fourth of July Lakewood Park auto races, is listed as "good" at the Atlanta hospital where he was taken.

Hinnershitz flipped his car into a gulch during the third lap of the second eight-mile preliminary. His accident was attributed to a blow-out on the right rear tire.

He suffered a fractured pelvis and multiple abrasions over the abdominal area. His doctor said Hinnershitz would be confined to the hospital "probably for a week more."

Universal To Meet St. Margarets Under Lights Friday Night

St. Margarets and Universal of the City Baseball League will meet Friday night, July 7, at Flaherty field at 8:15 in a league game.

The game was originally scheduled for last Sunday but was postponed at the last minute. The Saints are currently in first place in the league with Universal in third place a few notches lower but still breathing on the leaders' necks.

The last time the two teams met the Saint came out on top 6-5 in 11 innings.

TONIGHT'S SCHEDULE

In the games tonight in the City Baseball League the Ecclesiastics play at Lawrence Indies, West Pittsburgh is at St. Margarets, Universal at Franks, DeCarbos at Field Artillery and Croton at Fees.

Golf Title Is At Stake Again

Qualifying Rounds On At Sylvan Heights

Play has been started in the qualifying rounds of the city-county championship at Sylvan Heights course, an annual event since the course was opened 21 years ago.

There will be four flights. Manager Sam Haycock of the municipal course states, with trophies being awarded the winner of each flight. The closing date for entries has been set at July 13, after which the pairings will be made and match play will be started.

Francis Clause is medalist in the qualifying rounds to date, with a sub-par 34-34—68 scored. Clause finished with three birdies, and had six birdies in all in the 18-hole round. John Schneider is second with a round of 37-36—73, one over par.

Thirty-five entries have been received so far, with scores running from 68 to 102.

Hank Carbone played with Clause when he shot his low score, and had a 76, with a best ball of 64 in the Fourth of July events at the course.

Stegs Meet Sharon Westinghouse Here

Stegs, of the City Softball League, will meet Sharon Westinghouse tonight at Cascade street field at 8:30.

Saturday night the Stegs will travel to Pittsburgh to meet the A.O.H. team, formerly the Pittsburgh Ralphs. The game will be played at Homewood park at 8:30.

Stegs defeated the Eagles in a City Softball League game Monday night 4-1. Maggie was the winning pitcher. Kendra the loser.

Rain Curtails Sandlot Play

Rain and wet grounds curtailed a full card of baseball action slated for last night.

Most teams will try to get back in the swing tonight.

In the Legion playoff tournament, New Castle will play at Wampum and Ellwood is at New Wilmington.

A county league card of three games was also washed away. The schedule of play for that loop on Friday is as follows: St. Lucy at Koppel, Ellwood VFW at Hillsville, Bessemer at Wampum.

Senators Play Double-Bill At Vandergrift Tonight; Announce Signing Of Heavy Hitting Steve Magula

'MOOSE' SIDELINED

Albert Dunterman

Announcement was made by the New Castle Senators today of the placing on the disabled list of Albert "Moose" Dunterman, popular young catching star, with a fractured right hand as the result of a plate misplay Tuesday evening in the Johnstown game here. Dunterman was hitting around .300 and doing a swell job of dividing the catching chores with Bill Horne. Dunterman is on option here from Harrisburg in the Interstate league. He was with Iowa, Kas., last year.

British Open Ends Friday

By JOHN CAMSELL (I. N. S. Sports Writer)

TROON, Scotland, July 6.—Four Americans were strung out from five to nine strokes off the pace going into today's second round of the British Open Golf Championship. All four faced a scramble today to qualify for tomorrow's 36-hole finale at Troon.

With British Ryder Cupper Arthur Lees setting a strong opening target with his first-round 68 and defending champion Bobby Locke just a stroke off the lead with 69, America's Johnny Bulla, Jimmy McHale, Art Clark and Frank Stranahan had a job to do.

Field Will Be Cut

Bulla, veteran Pittsburgh pro, and McHale, amateur from Philadelphia, carved a pair of three-over-par 73's over the tight windswept Troon links yesterday while Clark, Huntington, W. Va., professional, had a 74.

Stranahan, the British amateur champ from Toledo, had a 43-34—77, thanks to a dreadful set of over-par holes on the front nine. Stranahan was one or two strokes over par on six straight holes.

The field will be cut from the existing 93 to 40 at day's end today, but all ties for 40th place will lose out, so the cast for tomorrow's 36-hole windup may be even smaller.

PIAA Inaugurates Wrestling Change

HARRISBURG, July 6.—(INS)—A system of regional eliminations will be used by the Pennsylvania Interscholastic Athletic Association next year to line up state wrestling championship contenders.

A state title meet March 10 will replace the PIAA's former two-day annual tourney for district winners, according to executive director Edmund C. Wicht.

Wicht said district champions will compete in four regional meets March 3.

"The new plan will mean that a boy will wrestle at the most only two times in the championship meet instead of the present maximum of four times," Wicht explained.

A committee will determine the tourney sites, Wicht said, with a Central Pennsylvania location likely for the state finals.

Idled by rain last night at Vandergrift, the New Castle Senators lost a half-game to the second place Oil City Refiners who topped Youngstown 7-6. Butler trimmed Niagara Falls 7-4 in the only other game played in the "Mad" Atlantic league last night.

President Al Scarazzo of the board of directors of the Senators announced today the signing of heavy-hitting Steve Magula for the Senators. Magula, a utility catcher-outfielder, will add long ball hitting to the Senators' attack. Magula's home is in Sharpville, Pa., and he is a former well known college basketball star. Magula obtained his release from the Niagara Falls club only a few days ago. The Citizens used Magula as a second baseman and outfielder.

Dunterman Fractures Hand

Manager Chuck Cronin today announced that the popular Albert "Moose" Dunterman, a promising young catcher, has been placed on the disabled list with a fractured right hand, as a result of his collision at the plate Tuesday night.

Zedalis-Becka Tonight

Cronin announced today that Stan Zedalis (6-7) will assume chores in the seven-inning first game tonight and that George Becka (9-2) will fire in the second game. Becka has not pitched since being hit by a line drive in the stomach at Erie on Friday, June 23.

New Castle and Vandergrift will play a single game Friday, then the Senators will move to Youngstown for three games, returning here next Tuesday to battle the Erie Sailors at 8 o'clock.

Gridders Sign Two Contracts

CLEVELAND, July 6.—(INS)—Two football players signed by the Cleveland Browns of the National Football League are reported to have signed with the Ottawa Rough Riders of Canada's Big Four League.

John Sandusky, the 165-pound Villanova tackle who was the Browns' No. 2 draft choice of college players, and Tom Clavin, Villanova back picked up as a free agent are the players reported on the Ottawa roster.

Cleveland's coach Paul Brown said "We expect them to report to our training camp later this month and if they don't fulfill the terms of the contracts we will start legal action."

SCRAP PRICE LOWER

PITTSBURGH, July 6.—(INS)—

Industrial No. 1 heavy melting scrap tumbled five to six dollars a ton from an all-time high price of \$46 in the Pittsburgh district.

The price drop came with the purchase of a "fair quantity" by one district firm. A small quantity was bought at \$41 and the remainder at \$40. The peak price had been set about three weeks ago.

Trade circles reported the drop might have been caused by one or two factors, either the lack of local purchases or the shipment of more than 100,000 tons being imported from Germany.

An act was passed in England in 1601 to prevent men from riding in coaches as effeminate.

Brownies Are Now Enjoying Outdoor Life

Sixty-two younger scouts, who are registered in the second period of Girl Scout established camp, are proving to be excellent campers. The camp is located along the Slippery Rock, near Kennedy's Mills.

They are having a wonderful time, according to the letters they are writing home. One Brownie scout wrote "please send me your address so I can write you a letter." Some letters have to have additional stamps. Some Brownies need a little help with the addresses, but the mail home goes through, telling the stories of the good times while amateur photographers click their cameras.

Thursday afternoon the new group settled in and were tested as to swimming ability. That same evening a treasure hunt for counselors proved a lot of fun. Each counselor was worth a given number of points upon discovery and being able to name her. After the supper sing, which was a "mixer" and this treasure hunt, everyone added an old friend.

The campers are entirely removed from knowledge of current world happenings, so it seems most touching that one of the most popular activities in camp is the formal color ceremony. Older scouts are fulfilling merit badge requirements, but the seven and eight-year-olds are very serious

about learning to handle the flag correctly.

Indian Guide
Sakajawea, the bird woman of the Lewis and Clark expedition, is the Indian Guide of all Girl Scouts. The scouts celebrated Indian Day in her honor. It was carried out in their boating, swimming and outdoor good cooking. The Indian campfire was the climax, because at this time each of the five units presented a dramatization of an Indian legend or custom. War paint and war whoops added color to the program.

A Girl Scout is resourceful, and these campers proved their ability to make costumes, moccasins, colored beads, tom-toms, and paper-bag papooses, out of the belongings they had at hand. No costumes were brought to camp.

Sunday morning was given over to devotions, some scouts being transported to church, and others attending an inspiring service in the beautiful amphitheater. The rock walls sounded with songs and prayers of praise while the rush of water over the falls, the singing of birds and beauties of this natural place of worship all pointed up its being a real "temple" as Mrs. Plummer Gibson, who led the devotions had explained to the children who moved reverently from this green cathedral up through the shady woodland paths back to the higher ground of the cabin area.

The campers have been most interested in a bird's flying out at them and raising a great to-do as they pass a certain spot on their way to swimming. They have learned that it is a Hungarian partridge, a bird rare in this locality. They appreciate the fact that they must see no harm befalls it.

The presence of a mole in a paper waste container occasioned a bit of research and study. Campers no longer strike at wasps busy about building mud homes in corners of cabins. They have become quite interested in the building done by these little engineers.

205 COVERED BRIDGES
HARRISBURG, July 6.—(INS)—Pennsylvania boasts 205 covered bridges which depict the romance of early America.

The weather-beaten timber bridges are being preserved in many cases by local historical societies.

Green county has 22 timber bridges, followed by Bedford, Columbia and Washington counties with 21 each.
